Evaluation Forum, Issue 11, Summer 1995, 1995 Industrial Restructuring N. Mathieu, 1996-01-01 World Bank Discussion Paper No 320 Provides separate estimates of the influence of borrowing by both men and women through three credit programs on a variety of household and individual outcomes including school enrollment labor supply the asset holdings of women recent fertility and use of contraceptives consumption and the anthropometric status of children The findings show that credit provided to women is more likely to influence these behaviors than credit provided to men and has a significant effect on the well being of poor households in Bangladesh Monthly Labor Review United States. Bureau of Labor Statistics, 2006 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews The Impact of Privatization and Economic Restructuring on Employment Relations Wheel of Fortune Jamie Swift, 1995-05-01 Jamie Swift combines sharp eyed journalism that brings out Nejib Belhedi, 2001 the nuances of daily life with a penetrating analysis of jobless recovery He describes the emerging world of work through the eyes and experiences of people in Kingston and Windsor two Ontario cities with roots in the pre industrial past places poised for the post industrial information age Industrial Change in China Kate Hannan, 2012-10-12 This book analyses the industrial reform measures taken by the Chinese government during the decade 1985 95 and identifies the economic and political tensions and contradictions that state enterprise reform has presented to a leadership intent on maintaining its authoritative political position Using government sources and interviews with economists and workers at one of China s largest state owned enterprises The Second Automobile Dongfeng corporation Hannan concludes that the relationship between state policy and enterprise is a complex two way process characterised by tensions resulting from conflicting **Resources in Education** ,1993 Evaluation Forum ,1993 **Trade Unions in Western Europe since** priorities 1945 J. Visser, 2017-02-13 The Societies of Europe is an 8 title series of historical data handbooks and accompanying CD ROM sets on the development of Europe from the nineteenth to the twentieth century The series is a product of the Mannheim Centre for Social research a body dedicated to comparative research on Europe and one of the leading social research institutes in the world It is a collection of datasets giving a clear and systematic study of long term developments in European society The data is presented statistically and is clearly comparative The Societies of Europe is the most

comprehensive data series available on Western European social issues Each book is accompanied by a CD ROM containing data sets not included in the text enabling users to manipulate the data as wanted Information is available in different programmes Excel SPSS and SAS and in data structures for analysis viewing and building time series This comparative data handbook offers an empirical base to a long term and comparative understanding of changes and variations in European union movements It provides information on the context and history of union development the changes in the structure of post war unionism until today the long term trends in union membership and union density and the shifts in the cross sectional composition of union membership This book and CD ROM are the result of many years of research by the authors in collaboration with an international research team and provides an original source for comparative and national studies or individual enquiries The country and comparative tables offer cross checked and often newly calculated statistics on national union organizations and their membership series The CD ROM includes selected tables from the handbook and provides additional databases with organizational data and membership series of major national and European union organizations

The Disposable Work Force Thomas Moore, 2018-02-06 The twenty first century has witnessed a transformation of the organization opportunities and terms of work Downsizing restructuring and outsourcing are the forces altering employment relationships throughout the work force Those who tend to see the future in a positive light view the evolving role between employer and employee as empowering for the individual This book examines the consequences of economic instability due to job loss and the displacement of millions of workers It draws upon case studies of worker displacement as well as national labor force surveys Thomas S Moore finds that consequences of economic instability are productivity slowdown increased disparities in earnings and income and higher average unemployment He assesses the extent of job loss nationwide its costs to the individuals directly affected and the way in which the incidence of displacement and earnings loss has shifted over time Although drawn from an earlier period the data have an obvious relevance to today s labor markets Moore argues for an employment and training system that gives employers an incentive to invest in the skills of their employees Federally funded training programs have not improved the earning ability of displaced and disadvantaged workers and state sponsored programs tend to exclude those most in need of assistance Moore suggests direct employer investment in the general skills of employees Initially published in a different economic downturn this continues to be a must read book for all economists Culture and Management in Asia Malcolm Warner, 2014-03-05 Local culture has long sociologists and policymakers been recognised as a critically important factor in shaping management styles in different Asian countries This book provides a comprehensive overview of culture and management in major East and Southeast Asian economies Each chapter provides a survey of the country's history culture and economy going on to examine management in the country together with management education and how management is currently changing The book will provide an invaluable introduction for students of international management for those studying management within East and Southeast Asia and for businessmen

trading with the region The Worklife Report ,1993 North American Auto Unions in Crisis William C. Green, Ernest J. Yanarella,1996-02-01 In this edited volume U S and Canadian political scientists sociologists and labor educators contribute to the debate of the crisis of the Fordist regime of mass production and its implications for organized labor They present the first comparative cross national study of the labor relations in Japanese North American automobile transplants Japanese joint ventures with the Big Three automakers and Japanese style General Motors auto plants They specifically focus on the challenges the Japanese lean production model has posed to North American auto labor s organizing collective bargaining and shop floor representation experiences and how the United Auto Workers and the Canadian Auto Workers have responded to these challenges The authors point to the pressing need for the North American labor movement whose legal rights are rooted in a mass production regime to rethink its interests and goals if it is to successfully confront the formidable obstacles presented by a changing international and hemispheric political economy increasingly dominated by Japanese lean production practices The Politics of Labor in a Global Age Christopher Candland, Rudra Sil, 2001 This volume features essays on labour relations at national local and workplace levels as economic and political actors cope with the similar challenges associated with economic adjustment measures and the impact of globalization **Trade Unions and the State** Chris Howell, 2009-01-10 The collapse of Britain's powerful labor movement in the last quarter century has been one of the most significant and astonishing stories in recent political history How were the governments of Margaret Thatcher and her successors able to tame the unions In analyzing how an entirely new industrial relations system was constructed after 1979 Howell offers a revisionist history of British trade unionism in the twentieth century Most scholars regard Britain's industrial relations institutions as the product of a largely laissez faire system of labor relations punctuated by occasional government interference Howell on the other hand argues that the British state was the prime architect of three distinct systems of industrial relations established in the course of the twentieth century. The book contends that governments used a combination of administrative and judicial action legislation and a narrative of crisis to construct new forms of labor relations Understanding the demise of the unions requires a reinterpretation of how these earlier systems were constructed and the role of the British government in that process Meticulously researched Trade Unions and the State not only sheds new light on one of Thatcher's most significant achievements but also tells us a great deal about the role of the state in industrial relations Labour Institutions and Technological Change Martin Carnoy, Seth Pollack, 1993 Labour Standards and Structural Adjustment Roger Plant, 1994 Since the introduction of structural adjustment policies in the 1980s the ILO has expressed concern that their implementation should be consistent with basic ILO standards particularly certain core human rights conventions Organizing to Win Kate Bronfenbrenner,1998 As the American labour movement mobilizes for a major resurgence through new organizing this text presents research on union organizing strategies. The introduction defines the context of the current climate and subsequent chapters include community based organizing and building
