McLaren, 2000-06-27 Is there a God What might God be like What is the relationship between faith and certainty Can intelligent people believe in spiritual realities Why are there so many religions Is it possible to experience a relationship with God and if so how If you've asked questions like these you're in good company From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as The X Files and Touched by an Angel the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life Real faith isn't blind believism It is a process that engages your intellect as well as your emotions If you think faith requires turning your back on truth and intellectual honesty then Finding Faith is one book you really ought to read With logic passion and even handedness that the thinking person will appreciate this book helps you face your obstacles to faith by focusing not on what to believe but on how to believe Whether you want to strengthen the faith you have renew the faith you lost or discover faith for the first time Finding Faith can coach inspire encourage and guide you and help you discover more in life than you'd ever imagined or hoped for **Finding Faith** Michelle Lovato, 2018-09-21 This is a Bible study friendly gift book and journal designed to remind women of God's work in their everyday lives Finding Faith is a book to earmark write on keep refer back to and share with others Finding Faith is the second book in the Praise the Lord Series and follows Thank You Lord for all of life's circumstances Change your outlook on life *Finding Faith Within* Aniyisa Raiford, 2021-07-22 You may be in the crossroads between having little faith and then having no faith at all To be honest we've all been there I'm no different Life teaches you a lot of things and that's to just keep living It seems easier said than done

but by my own testimony I've been living a life that's not my own. What if I told you that the sum of your life that you're living the good, the bad, and the ugly is all surrounded around your faith. Your faith is what is sustaining you even at this moment. Even when you're not feeling good enough, it's your faith within that's keeping you. This book is set up as a reminder to you to know that you can still make it by just believing and knowing of the faith that's within you. I'm able to share my testimony of how faith has literally guided my entire life. It's the faith that I barely grabbed on that has guided me, sustained me, and I want to share those moments with you. This book is hope to help you live a life that is dedicated to trusting God. Look at my life and the things that I've been through and know that you can make it too. No more excuses as to why you have little faith. Exercise that faith and put it into action. It's my job to encourage and motivate you through my life experiences that you will get up and live your life knowing that you have FAITH WITHIN.

Finding Faith---A Search for What Makes Sense Brian D. McLaren, 2009-07-13 Does having faith mean abandoning reason? It's easy to get that impression. Still, it seems reasonable that a supremely intelligent God would want you to use your God-given intellect on your spiritual journey as much as in any other aspect of your life. Faith may not stand on rational thinking alone, but a solid faith should walk hand in hand with intellectual integrity. Does it really matter what I believe? What is the relationship between faith and knowledge? Why are there so many religions? Do all paths lead to the same God? This book helps you sort through the questions, objections, and concerns you can't help but raise. *A Search for What Makes Sense* will help you think your way clearly and honestly to answers that satisfy because they're your answers. Conclusions you've arrived at personally without manipulation, coercion, or game playing. For faith to exist and grow, it's got to make sense, good sense, carefully thought out sense. And chances are it does. FINDING FAITH. The *Finding Faith* books *A Search for What Makes Sense* and *A Search for What Is Real* don't try to tell you what to believe; they are guides in learning how to believe. If you think the spiritual journey requires turning your back on honesty and intellectual integrity, these two companion volumes will speak to both your mind and your soul.
