## **Fine Delight That Fathers Thought:**

*Gerard Manley Hopkins* Angus Easson, 2010-12-14 Gerard Manley Hopkins was among the most innovative writers of the Victorian period. Experimental and idiosyncratic, his work remains important for any student of nineteenth century literature and culture. This guide to Hopkins' life and work offers a detailed account of Hopkins' life and creative development, an extensive introduction to Hopkins' poems, their critical history, and the many interpretations of his work. Cross references between documents and sections of the guide in order to suggest links between texts, contexts, and criticism. Suggestions for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of Hopkins' work and seeking not only a guide to the poems but a way through the wealth of contextual and critical material that surrounds them. *The Fine Delight that Fathers Thought* Franco Marucci, 1994 This revised and updated edition of Franco Marucci's *I fogli della Sibilla* *Rhetorica e medievalismo in Gerard Manley Hopkins* 1981 was conceived and written in the wake of two innovative and seminal approaches to the literary text that came into prominence during the 1970s. The first is that of the new rhetoric which superseded the old-fashioned taxonomic methods of description and put forward the possibility of a functional integration of rhetoric within the complexity of the literary text. The second approach is that of cultural typology as carried out by the Tartu school and its most outstanding exponent Juri Lotman.

The Poem as Sacrament Philip A. Ballinger, 2000 Through a study of the writings and intellectual development of Gerard Manley Hopkins, Dr Philip Ballinger demonstrates why poetry is as Hans Urs von Balthasar stated the absolutely appropriate theological language. While circling Hopkins' visions of the nature of sensual experience, intuitive cognition, and the function of language, Ballinger focuses upon the sacramental intention of the Victorian Jesuit's poetry. Underlying Hopkins' poetry is a vision of reality as divinely revelatory or self-expressive. For Hopkins, this revelatory character of creation is determined by the incarnation, and beauty in fact is a word for Christic self-expressiveness. *Preoccupations* Seamus Heaney, 2025-08-22 Nobel laureate Seamus Heaney's first collection of prose, *Preoccupations*, begins with a vivid account of his early years on his father's farm in Northern Ireland and his coming of age as a student and teacher in Belfast. Subsequent essays include critical work on Gerard Manley Hopkins, William Wordsworth, John Keats, Robert Lowell, William Butler Yeats, John Montague, Patrick Kavanagh, Ted Hughes, Geoffrey Hill, and Philip Larkin. Pragmatism, Critique, Judgment Richard J. Bernstein, 2004 Leading philosophers and social thinkers including Richard Rorty, Jacques Derrida, and Jürgen Habermas pay tribute to the influential American philosopher Richard J. Bernstein. **Gerard Manley Hopkins** Robert Bernard Martin, 2011-06-16 Will surely rank as one of the foremost literary biographies of our time. John Carey, Sunday Times. In his lifetime, Gerard Manley Hopkins (1844-1889) published just a single poem; only a few close friends were aware he wrote. Much of his work was burnt by fellow Jesuits on his death. And yet Hopkins is today a huge figure in English literature. Homosexual but terribly repressed, he channeled his emotions toward nature and God with profound results. Princeton emeritus professor Martin, the only

biographer to have unrestricted use of Hopkins private papers tells this extraordinary story from Hopkins early life and studies at Oxford through his tortuous conversion from Anglicanism to Catholicism to his struggle in later years to retain his very sanity In Martin the unhappy and tormented genius has found the most sympathetic and intelligent interpreter The book goes to the heart of Hopkins and plants him firmly before us as a Victorian and a great one Allan Massie Sunday Telegraph Martin follows Hopkins through his toils with sympathy and a great unshowy command of the facts In this magnificently solicitous biography he has re established the contours of the story definitively and made the homosexual drama integral to the better known drama of conversion and poetics Seamus Heaney Independent on Sunday The triumph of this learned scrupulously detailed and persuasive biography is that it brings the reader as near as it is perhaps possible to come to living Hopkins life to sensing the mysterious crushing pressures that were for him intimately bound up with the richness and complexity of his writing Hilary Spurling Daily Telegraph

**Epimethean Imaginings** Raymond Tallis, 2014-09-11 These essays written in the spirit of Goethe's Epimetheus who traces the quick deed to the dim realm of form combining possibilities display the depth and breadth of Tallis's fascination with our lives Whether discussing philosophical hardy perennials like time or a mundane artefact like ink Tallis challenges us to think differently about who we are and why we are The first part of the book Analysis dives into the deep end to explore some of the big questions in philosophy perception knowledge and belief time the relationship between mathematics and reality and probability and causation The middle section Tetchy Interludes takes a wry look at some aspects of contemporary art stupidity including the author's own and Christmas The third part Celebration is more experimental in both its subject matter and treatment It celebrates the complexity of ordinary everyday consciousness by contemplating the miracle of speech artefacts that have transformed our lives and what they reveal about our cognition such as the wheel the sail and ink and snapshots of the author's own consciousness on an ordinary day of past consciousness as captured in historical memory Notwithstanding their diversity in theme and style these essays share the common aim of discovering and celebrating the submerged riches in the quick deeds of our everyday lives and perceptions

Spark to a Waiting Fuse James K. Baxter, 2001 A landmark in New Zealand literary scholarship this book provides an extraordinary insight into the formative years of one of New Zealand's most significant poets Included are 56 letters written by James K Baxter to his slightly older friend Noel Ginn who was at the time imprisoned as a conscientious objector In these letters a teenage Baxter pours out his ideas and feelings on life philosophy and his own work Included are the complete texts of the 255 poems written at the time and discussed in the letters The introduction an important work of biographical criticism in its own right puts Baxter's ideas and interests within the context of the wider public events and intellectual and spiritual currents of his time

**Beginnings** Edward W. Said, 1985 This reissued classic traces the ramifications and diverse understandings of the concept of beginning in history and offers valuable insights into the role of the intellectual and the goal of criticism
