Fire On The Prairie Chicagos Harold Washington And The Politics Of Race:

Fire on the Prairie Gary Rivlin, 1992 Explains how Harold Washington and his associates overcame the Daley political machine and built an administration that crossed racial lines and transformed Chicago politics **Black Americans in Congress, 1870-2007**, 2008 From the publisher Provides a comprehensive history of the more than 120 African Americans who have served in the United States Congress Written for a general audience this book contains a profile of each African American Member including notables such as Hiram Revels Joseph Rainey Oscar De Priest Adam Clayton Powell Shirley Chisholm Gus Hawkins and Barbara Jordan Individual profiles are introduced by contextual essays that explain major events in congressional and U S history Illustrated with many portraits photographs and charts **Evangelicals and Empire** Bruce Ellis Benson, Peter Goodwin Heltzel, 2008-10 Leading evangelical thinkers engage and are engaged by the most explosive and discussed theorists of empire in the first decade of the twenty first century Michael Hardt and Antonio Negri **Through Our Eyes** Gail Garfield, 2010-03-11 How have African American men interpreted and what meaning have they given to social conditions that position them as the primary perpetrators of violence How has this shaped the ways they see themselves and engaged the world Through Our Eyes provides a view of black men s experiences that challenges scholars policy makers practitioners advocates and students to grapple with the reality of race gender and violence in America This multi level analysis explores the chronological life histories of eight black men from the aftermath of World War II through the Cold War and into today Gail Garfield identifies the locations impact and implications of the physical personal and social violence that enters the lives of African American men She addresses questions critical to understanding how race gender and violence are insinuated into black men s everyday lives and how experiences are constructed reconstructed and interpreted By appreciating the significance of how African American men live through what it means to be black and male in America this book envisions the complicated dynamics that devalue their lives those of their family and society **Cities, Politics, and Policy** John P. Pelissero, 2002-10-01 Just because Milwaukee isn t Manhattan doesn t mean that those urban centers face completely unique challenges Through effective comparative analysis of key issues in urban studies how city managers share power with mayors how spending policies affect economic development and how school politics impact education policy students can clearly see how scholars discern patterns and formulate conclusions to offer theoretical and practical insights from which all cities can benefit Pelissero brings together an impressive team of contributors to explore variation among cities through case studies and cross sectional analyses Each author synthesizes the field s seminal literature while explaining how urban leaders and their constituents grapple with everything from city council politics to conflict and cooperation among minority groups Authors identify both key trends and gaps in the scholarship and help set the research agenda for the years to come Lively case material will hook your students while the accessible presentation of empirical evidence make this reader the comprehensive and sophisticated text you demand **Politics in the Trenches** Thomas J.

Volgy,2001-01-01 In Politics in the Trenches Volgy shows what really happens behind the scenes of government He contrasts perception with reality regarding the rewards and perks of office He examines the process of experimentation in the political laboratory and shows how the news media distort it He provides a case study of homelessness to illustrate the system s constraints And he offers a chapter on a typical week in office that will be an eye opener for most readers BOOK JACKET

Views from the Streets Roberto Aspholm,2020-02-04 Chicago has long served as a symbol of urban pathology in the public imagination The city s staggering levels of violence and entrenched gang culture occupy a central place in the national discourse yet remain poorly understood and are often stereotyped Views from the Streets explains the dramatic transformation of black street gangs on Chicago s South Side during the early twenty first century shedding new light on why gang violence persists and what might be done to address it Drawing on years of community work and in depth interviews with gang members Roberto R Aspholm describes in vivid detail the internal rebellions that shattered the city s infamous corporate style African American street gangs He explores how in the wake of these uprisings young gang members have radically refashioned gang culture and organization on Chicago s South Side rejecting traditional hierarchies and ideologies and instead embracing a fierce ethos of personal autonomy that has made contemporary gang violence increasingly spontaneous and unregulated In calling attention to the historical context of these issues and to the elements of resistance embedded in Chicago s contemporary gang culture Aspholm challenges conventional views of gang members as inherently pathological He critically analyzes highly touted universal violence prevention strategies depicting street level realities to illuminate why they have ultimately failed to reduce levels of bloodshed An unprecedented analysis of the nature and meaning of gang violence Views from the Streets proposes an alternative framework for addressing the seemingly intractable issues of inequality despair and violence in Chicago

Chicago Dominic A. Pacyga, 2024-05-31 Chicago has been called by many names Nelson Algren declared it a City on the Make Carl Sandburg dubbed it the City of Big Shoulders Upton Sinclair christened it The Jungle while New Yorkers naturally pronounced it the Second City At last there is a book for all of us whatever we choose to call Chicago In this magisterial biography historian Dominic Pacyga traces the storied past of his hometown from the explorations of Joliet and Marquette in 1673 to the new wave of urban pioneers today The city's great industrialists reformers and politicians and indeed the many not so great and downright notorious animate this book from Al Capone and Jane Addams to Mayor Richard J Daley and President Barack Obama But what distinguishes this book from the many others on the subject is its author's uncommon ability to illuminate the lives of Chicago's ordinary people Raised on the city's South Side and employed for a time in the stockyards Pacyga gives voice to the city's steelyard workers and kill floor operators and maps the neighborhoods distinguished not by Louis Sullivan masterworks but by bungalows and corner taverns Filled with the city's one of a kind characters and all of its defining moments Chicago A Biography is as big and boisterous as its namesake and as ambitious as the men and women who built it

City of Big Shoulders Robert G. Spinney, 2020-05-15 Condensed yet energetic and substantial history of Chicago Spinney has a firm sense of historical narrative as well as a keen eye for entertaining and illuminating detail Publishers Weekly A city of immigrants and entrepreneurs Chicago is quintessentially American Spinney brings it to life and highlights the key people moments and special places from Fort Dearborn to Cabrini Green Marquette to Mayor Daley the Union Stock Yards to the Chicago Bulls that make this incredible city one of the best places in the world City of Big Shoulders links key events in Chicago's development from its marshy origins in the 1600s to today's robust metropolis Robert G Spinney presents Chicago in terms of the people whose lives made the city from the tycoons and the politicians to the hundreds of thousands of immigrants from all over the world In this revised and updated second edition that brings Chicago's story into the twenty first century Spinney sweeps his historian's gaze across the colorful and dramatic panorama of the city's explosive past How did the pungent swamplands that the Native Americans called the wild garlic place burgeon into one of the world's largest and most sophisticated cities What is the real story behind the Great Chicago Fire What aspects of American industry exploded with the bomb in Haymarket Square Could

the gritty blue collar hometown of Al Capone become a visionary global city **Rogues, Rebels, And Rubber Stamps** Dick Simpson, 2018-03-08 In *Rogues Rebels and Rubber Stamps* Dick Simpson challenges and recasts current theories of Regime Politics as he chronicles the dramatic story of the civic wars in the Chicago City Council since the civil war At the same time the author provides a window into the broader struggle for democracy and justice Simpson points out that through analyzing city council floor fights battles at the ballot box and street demonstrations one can begin to see certain patterns of conflict emerge These patterns demonstrate that before the Great Depression fragmented city councils were dominant The author also discusses how since the Democrats seized control of Chicago government after the Great Depression Rubber Stamp City Councils have been predominant although they have been punctuated by brief eras of council wars and chaos This book is important for anyone wanting to understand the nature of these battles as a guideline for America's future and is well suited for courses in urban politics affairs and history *Rogues Rebels and Rubber Stamps* received an Honorable Mention for the 2001 Society of Midland Authors Book Award for Adult Non Fiction *African-American Mayors* David R. Colburn, Jeffrey S. Adler, 2001 On November 7 1967 the voters of Cleveland Ohio and Gary Indiana elected the nation's first African American mayors to govern their cities Ten years later more than two hundred black mayors held office and by 1993 sixty seven major urban centers most with majority white populations were headed by African Americans Once in office African American mayors faced vexing challenges In large and small cities from the Sunbelt to the Rustbelt black mayors assumed office during economic downturns and confronted the intractable problems of decaying inner cities white flight a dwindling tax base violent crime and diminishing federal support for social programs Many encountered hostility from their own parties city councils and police departments others worked against long established power structures dominated by local business owners or politicians Still others while trying to respond to multiple demands from a diverse constituency were viewed as traitors by blacks expecting special attention from a leader of their own race All struggled with the contradictory mandate of meeting the increasing needs of poor inner city residents while keeping white businesses from fleeing to the suburbs This is the first comprehensive treatment of the complex phenomenon of African American mayors in the nation's major urban centers Offering a diverse portrait of leadership conflict and almost insurmountable obstacles this volume assesses the political alliances that brought black mayors to office as well as their accomplishments notably increased minority hiring and funding for minority businesses and the challenges that marked their careers Mayors profiled include Carl B Stokes Cleveland Richard G Hatcher Gary Dutch Morial New Orleans Harold Washington Chicago Tom Bradley Los Angeles Marion Barry Washington D C David Dinkins New York City Coleman Young Detroit and a succession of black mayors in Atlanta Maynard Jackson Andrew Young and Bill Campbell Probing the elusive economic dimension of black power African American Mayors demonstrates how the same circumstances that set the stage for the victories of black mayors exaggerated the obstacles they faced *La Causa* Gilberto Cardenas, 2004-04-30 Accepted notions of demographics in the United States

often contend that Latinos have traditionally been confined to the Southwest and urban centers of the East Coast but Latinos have been living in the Midwest since the late nineteenth century Their presence has rarely been documented and studied in spite of their widespread participation in the industrial development of the Midwest its communications infrastructure and labor movements The populations of Puerto Rican Mexican Cuban and other Hispanic origins living in the region have often been seen as removed not only from mainstream America but also from the movements for human and civil rights that dominated Latino public discourse in the Southwest and Northeast during the 1960s and 1970s In the first text examining Latinos in this region historians and social science scholars have come together to document and evaluate the efforts and progress toward social justice Distinguished scholars examine such diverse topics as advocacy efforts civil rights and community organizations Latina Civil Rights efforts ethnic diversity and political identity effects of legislation for Homeland Security and political empowerment **Legal Scholarship for the Urban Core** Peter Enrich,Rashmi

Dyal-Chand,2019-07-11 Provides compelling examples of engaged legal scholarship addressing issues of entrenched poverty and underdevelopment in American urban cores **Black Metropolis** St. Clair Drake,Horace R. Cayton,2015-11-10 Ground breaking when first published in 1945 Black Metropolis remains a landmark study of race and urban life Few studies since have been able to match its scope and magnitude offering one of the most comprehensive looks at black life in America Based on research conducted by Works Progress Administration field workers it is a sweeping historical and sociological account of the people of Chicago s South Side from the 1840s through the 1930s Its findings offer a comprehensive analysis of black migration settlement community structure and black white race relations in the first half of the twentieth century It offers a dizzying and dynamic world filled with captivating people and startling revelations A new foreword from sociologist Mary Pattillo places the study in modern context updating the story with the current state of black communities in Chicago and the larger United States and exploring what this means for the future As the country continues to struggle with race and our treatment of black lives Black Metropolis continues to be a powerful contribution to the conversation Changing White Attitudes toward Black Political Leadership Zoltan L. Hajnal,2006-12-25 Despite the hopes of the civil rights movement researchers have found that the election of African Americans to office has not greatly improved the well being of the black community By shifting the focus to the white community this book shows that black representation can have a profound impact Utilizing national public opinion surveys data on voting patterns in large American cities and in depth studies of Los Angeles and Chicago Zoltan Hajnal demonstrates that under most black mayors there is real positive change in the white vote and in the racial attitudes of white residents This change occurs because black incumbency provides concrete information that disproves the fears and expectations of many white residents These findings not only highlight the importance of black representation they also demonstrate the critical role that information can play in racial politics to the point where black representation can profoundly alter white views and white votes *From Edward Brooke to Barack*

Obama Dennis S. Nordin, 2012-06-25 In 2008 American history was forever changed with the election of Barack Obama the United States first African American president However Obama was far from the first African American to run for a public office or to face the complexities of race in a political campaign For over a century offices ranging from city mayor to state senator have been filled by African Americans making race a factor in many elections In *From Edward Brooke to Barack Obama* Dennis S Nordin navigates the history of biracial elections by examining the experiences of a variety of African American politicians from across the country revealing how voters both black and white respond to the issue of race in an election The idea to compare the African American political experience across several levels of office first occurred to Nordin as he was researching Arthur W Mitchell s 1934 congressional campaign The question of white voter support was of particular significance as was whether the continuation of that support depended upon his avoiding minority issues in office To begin answering these questions and others Nordin compares the experiences of eleven African American politicians Taken from across the country to ensure a wide sample and accurate depiction of the subject the case studies examined include Tom Bradley mayor of Los Angeles David Dinkins mayor of New York Freeman Bosley Jr mayor of St Louis Senator Edward Brooke of Massachusetts Senator Carol Moseley Braun of Illinois Governor L Douglas Wilder of Virginia and Representative J C Watts Jr of Oklahoma among others As Nordin analyzes these individuals and their contribution to the whole he concludes that biracial elections in the United States have yet to progress beyond race From Edward Brooke to Barack Obama investigates the implications of race in politics a highly relevant topic in today s American society It offers readers a chronological overview of the progress made over the last several decades as well as shows where there is room for growth in the political arena By taking a pertinent topic for the era and placing it in the context of history Nordin successfully chronicles the roles of race and race relations in American politics *The New Political Economy of Urban Education*

Pauline Lipman, 2013-05-13 Using Chicago as a case study of the interconnectedness of neoliberal urban policies on housing economic development race and education Lipman explores larger implications for equity justice and the right to the city

Racism in Contemporary America Meyer Weinberg, 1996-05-23 *Racism in Contemporary America* is the largest and most up to date bibliography available on current research on the topic It has been compiled by award winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America s most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines
