Fireball in the Whirlwind Perry Yancey, 2004-09-07 Fireball in the whirlwind is based on a UFO caught on tape as photographed by Perry Yancey and written by Arnold Yancey Caught on the video recorded tape august 19th 1997 in Oberlin Ohio The pictures contained in this book are not forged and are original The Yancey family has seen paranormal activity at their country home for years The family first noticed the lights over the countryside in the early 60s The objects became commonplace around the area often being spotted over top the woods or inside the wooded area of our farm The objects would appear day or night but mostly at dawn as we would watch from our garage some nights as if it was a show and at times ignoring the events if we had important things to do Thats how common it was Always in the northeast part of the sky as they would move in strange an erratic patterns defying normal behavior of anything made by man Moving across the sky as if moving towards lake Erie or moving onward through darkness displaying different colors and size Lord only the knows what those things are floatn around here as Mama would say And she was very upset when she spotted a huge UFO in the front yard one morning reminding me how she never liked the country The country was full of paranormal activity Strange events are common in secluded areas
