Firebirds The Best First Person Account:

Army, 1995 *Firebirds* Chuck Carlock, 1995 At age 19 Chuck Carlock volunteered to become a helicopter pilot convinced that by the time he finished training the Vietnam War would be over Little did he know that he would see some of the war's most intense combat This dramatic first person account propels readers into the chaos of machine to machine combat chronicling some of the most ferocious combat undergone during the years of American involvement in Vietnam 30 photos *Firebirds* Chuck Carlock, 1997 **Like Rolling Thunder** Ronald Bruce Frankum, 2005 In this insightful and lively book distinguished scholar Ronald Frankum Jr captures the full extent of the struggle The first brief overview of the air war in Vietnam Like Rolling Thunder examines each theatre of operation South Vietnam North Vietnam Laos and Cambodia

Voices from the Vietnam War Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly *Air Force Magazine*, 1996-07 *Lutherans and the Longest War* David E. Settje, 2007-01-01 With its unique theology yet simultaneous representation of the silent majority American Lutheranism provides a compelling case study for U S citizens and their attitudes toward war faith foreign policy religious institutions and communism from 1964 to 1975 This book demonstrates how Lutherans maintained a hostility toward communism the Soviet Union and the People's Republic of China while debating the threat of communist infiltrations into the United States and the Vietnam War all in the context of their denominations periodicals and congregations **We Gotta Get Out of This Place** Doug Bradley, Craig Werner, 2016-01-06 The diversity of voices and songs reminds us that the home front and the battlefield

are always connected and that music and war are deeply intertwined Heather Marie Stur author of *21 Days to Baghdad* For a Kentucky rifleman who spent his tour trudging through Vietnam's Central Highlands it was Nancy Sinatra's *These Boots Are Made for Walkin'* For a black marine distraught over the assassination of Martin Luther King Jr it was Aretha Franklin's *Chain of Fools* And for countless other Vietnam vets it was *I Feel Like I'm Fixin' to Die* or the song that gives this book its title *In We Gotta Get Out of This Place* Doug Bradley and Craig Werner place popular music at the heart of the American experience in Vietnam They explore how and why U S troops turned to music as a way of connecting to each other and the World back home and of coping with the complexities of the war they had been sent to fight They also demonstrate that music was important for every group of Vietnam veterans black and white Latino and Native American men and women officers and grunts whose personal reflections drive the book's narrative Many of the voices are those of ordinary soldiers airmen seamen and marines But there are also solo pieces by veterans whose writings have shaped our understanding of the war Karl Marlantes Alfredo Vea Yusef Komunyakaa Bill Ehrhart Arthur Flowers as well as songwriters and performers whose music influenced soldiers' lives including Eric Burdon James Brown Bruce Springsteen Country Joe McDonald and John Fogerty Together their testimony taps into memories individual and cultural that capture a central if often overlooked component of the American war in Vietnam

Air University Library Index to Military Periodicals, 1996 *Historical Dictionary of the War in Vietnam* Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

The Publishers Weekly, 2003 **Forthcoming Books** Rose Arny, 1996-06 **Military History**, 1996-04 *American Book Publishing Record*, 1996 **Firebirds Rising** Tanith Lee, Kara Dalkey, Charles de Lint, Pamela Dean, 2006-04-06 Here is the eagerly anticipated follow up to the award winning anthology *Firebirds* *Firebirds Rising* takes readers from deep space to Faerie to just around the corner It is full of magic humor adventure and best of all the unexpected The one thing readers can count on is marvelous

writing *Firebirds Rising* proves once again that *Firebird* is a gathering place for writers and readers of speculative fiction from teenage to adult from the United States to Europe Asia and beyond *Fire Birds* Shane Gregory,2013-10-21 Shane Gregory has an engaging writing style that draws you in comfortably until you can't back out of the scary driving climax Briar Lee Mitchell author of *Apparitions* For weeks the museum director in the town of Clayfield Kentucky has fought the undead believing that he was Clayfield's sole survivor But when odd things begin to happen it becomes clear that other healthy people are around A friend shows up unexpectedly full of trouble and secrets And they are not alone another group of survivors brings even more conflict Then there's Bruce the new guy in Clayfield Bruce likes the zombie apocalypse just fine He gets to be the person he could not be before the outbreak He is in Clayfield looking for fun but his brand of fun could destroy the town Enemies must tolerate each other out of necessity and friendships are tested Meanwhile one person in the group of knows something that the others do not The rumors are true something bad is definitely coming to Clayfield and there may be no way to stop it and nowhere to hide **Camaro & Firebird Performance Projects: 1970-81** Jeff
