Bradshaw,1993     Ekistic Index ,1970     *Economic Consequences of Soviet Disintegration* John Williamson,1993 Proceedings of a conference in Vienna in April 1992 cohosted by the Institute and the Austrian National Bank in association with the Russian League of Industrialists and Entrepreneurs

**Potential Economic Effects of Granting Most-favored-nation Treatment to the Soviet Union** George D. Holliday,1985     **New Times** ,1962     *Monthly Index of Russian Accessions* ,1960     **The Economic Effects of Soviet Dissolution** Michael J. Bradshaw (géographe).),1993     **Was Stalin Really Necessary?** Alec Nove,2014-07-11 First published in 1964 Was Stalin Really Necessary is a thought provoking work which deals with many aspects of the Soviet political economy planning problems and statistics Professor Nove starts with an attempt to evaluate the rationality of Stalinism and discusses the possible political consequences of the search for greater economic efficiency which is followed by a controversial discussion of Kremlinology The author goes on to analyse the situation of the peasants as reflected in literary journals then looks at industrial and agricultural problems There are elaborate statistical surveys of occupational patterns and the purchasing power of wages followed by an examination of the irrational statistical reflection of irrational economic decisions Professor Nove s essay on social welfare was unlike some of his other work used in the Soviet press as evidence against over enthusiastic cold warriors among whom the author was not always popular Finally the author seeks to generalise about the evolution of world communism     The Soviet Economic System Alec Nove,1980     **The Soviet Economy** Alec Nove,1961     Soviet Economic Development and American Business Saul G Bron,2012-05-01     **Faulty Foundations** Holland Hunter,Janusz M. Szyrmer,2014-07-14 Could the USSR have been prepared for World War II more humanely and efficiently In this first integrated evaluation of Stalin s economic goals and actions Holland Hunter and Janusz Szyrmer reconstruct and test Soviet results annually and by sector Addressing historians political scientists and economists the authors build a new internally consistent twelve sector annual record of output and capital growth assembling and reconciling Western reconstructions of Soviet data to assess Soviet policy and test how alternative policies might have worked They point out lessons from the 1930s that can be applied today The authors analyze the basic steps marking the prewar Soviet drive agricultural collectivization head long investment in heavy industry autarkic foreign trade and rearmament They conclude that the economy s growth potential was misused that collectivization was a mistake and that with a slower drive to build heavy industry living standards could have been higher throughout the 1930s while the ability to withstand invasion would have been stronger A related implication for the 1990s is that correct prices small scale production and individual initiative are key requirements for an effective Soviet economy Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while

**Soviet Economic Collapse** Gideon Fairchild,AI,2025-02-27 Soviet Economic Collapse examines the economic factors leading to the USSR s unexpected downfall It argues that the Soviet Union s centrally planned economy while initially successful in industrializing and achieving military parity ultimately failed due to its structural inability to adapt incentivize innovation and efficiently allocate resources One critical insight is that the chronic misallocation of resources led to widespread shortages and surpluses Another is the crippling effect of excessive military spending which diverted resources from civilian production and technological advancement The book explores the Soviet economic system s historical context tracing its roots from the Russian Revolution through periods of rapid industrialization and Cold War competition It then meticulously examines the inherent inefficiencies of central planning the burden of military spending and the failure of Gorbachev s perestroika reforms Ultimately the book assesses the long term consequences of the Soviet collapse on former Soviet republics and the global balance of power It offers a balanced perspective by acknowledging the achievements alongside the fatal flaws making complex economic concepts accessible to a broad audience interested in economic history and the challenges of authoritarian regimes     **The Economics of Soviet Breakup** Bert van Selm,2012-10-12 This book analyzes the effects of the break up of the Soviet Union into fifteen independent states Topics discussed include past and present economic relations between the republics and forecasts for the future discussion of Customs Unions Monetary Union or Payments Union as possible ways forward for these states economic integration theory how the states of the Soviet Union functioned before the dissolution     **Comparisons of the United States and Soviet Economies** United States. Congress. Economic Joint Committee,1960     **The Soviet Economic Experiment** James R. Millar,1990     [The Disintegration of the Soviet Economic System](#) Michael Ellman,Vladimir Kontorovich,2023-06-14 The Disintegration of the Soviet Economic System 1992 examines in detail the collapse of the Soviet economic system and is set in its political context both international and domestic The collapse is looked at from a macroeconomic point of view both real and financial as well as from a mesoeconomic viewpoint with chapters on such important sectors such as agriculture and the railways Because the USSR is

such a large country it is also looked at in a regional perspective with chapters on Central Asia and the allocation of investment between republics and attention is also paid to the welfare of the population their health and the development of their consumption and the environment and technical progress      Investment And Reindustrialization In The Soviet Economy Boris Z. Rumer, 2019-03-04 Investment activity in the Soviet Union is presently undergoing a decline hitherto unknown in the history of the nation The growth of capital investment has stopped while levels of production have fallen One important factor in this phenomenon is the Soviet policy of reindustrialization shifting new investments into the expansion and improvement of existing facilities which severely limits capital available for new construction In this book Dr Rumer examines current Soviet investment policies and assesses their impact on economic development especially in Siberia Reindustrialization is intended to combine more rapid amortization for updating and retooling growth in the volume of industrial output and minimal capital investment However concludes Dr Rumer this investment pattern hinders the development of Siberia and thus reinforces the spatial polarization of fuel energy and raw material resources in the east of the country and the manufacturing industry in the west with serious consequences for Soviet strategic military vulnerability and for the Soviet economy
