Economics Explained Robert L. Heilbroner, Lester C. Thurow, 1982 Explains the nature of economic forces and defines economic terms *Economics Explained* Robert Heilbroner, Lester C. Thurow, 1998 ***Economics Explained*** Robert L. Heilbroner, Lester Thurow, 1998-05-05 Introduces basic concept of economics and examines 1990s trends in the American economy including inequality in incomes globalized capitalism and the specter of inflation *Government's Greatest Achievements* Paul C. Light, 2010-12-01 In an era of promises to create smaller more limited government Americans often forget that the federal government has amassed an extraordinary record of successes over the past half century Despite seemingly insurmountable odds it helped rebuild Europe after World War II conquered polio and other life threatening diseases faced down communism attacked racial discrimination reduced poverty among the elderly and put men on the moon In *Government's Greatest Achievements* Paul C Light explores the federal government's most successful accomplishments over the previous five decades and anticipates the most significant challenges of the next half century While some successes have come through major legislation such as the 1965 Medicare Act or large scale efforts like the Apollo space program most have been achieved through collections of smaller often unheralded statutes Drawing on survey responses from 230 historians and 220 political scientists at colleges and universities nationwide Light ranks and summarizes the fifty greatest government achievements from 1944 to 1999 The achievements were ranked based on difficulty importance and degree of success Through a series of twenty vignettes he paints a vivid picture of the most intense government efforts to improve the quality of life both at home and abroad from enhancing health care and workplace safety to expanding home ownership to improving education to protecting endangered species to strengthening the national defense The book also examines how Americans perceive government's greatest achievements and reveals what they consider to be its most significant failures America is now calling on the government to resolve another complex difficult problem the defeat of terrorism Light concludes by discussing this enormous task as well as government's other greatest priorities for the next fifty years

Ghostly Demarcations Michael Sprinker, 2020-05-05 With the publication of *Specters of Marx* in 1993 Jacques Derrida redeemed a longstanding pledge to confront Marx's texts directly and in detail His characteristically bravura presentation provided a provocative re-reading of the classics in the Western tradition and posed a series of challenges to Marxism In a timely intervention in one of today's most vital theoretical debates the contributors to *Ghostly Demarcations* respond to the distinctive program projected by *Specters of Marx* The volume features sympathetic meditations on the relationship between Marxism and deconstruction by Fredric Jameson Werner Hamacher Antonio Negri Warren Montag and Rastko Mcnik brief polemical reviews by Terry Eagleton and Pierre Macherey and sustained political critiques by Tom Lewis and Aijaz Ahmad The volume concludes with Derrida's reply to his critics in which he sharpens his views about the vexed relationship between Marxism and deconstruction *Do the Math!* John K. White, 2013 A fresh look at the numbers of daily living particularly in

light of current economic troubles where modern economic practices mathematical concepts and everyday moral dilemmas are discussed **Explorations in Critical Studies of Advertising** James F. Hamilton, Robert Bodle, Ezequiel

Korin, 2016-10-26 This volume provides a thoughtful and wide ranging exploration of approaches to the critical study of advertising Current and impending practices of advertising have in many ways exceeded the grasp of traditional modes of critique due at least in part to their being formulated in very different historical conditions To begin to address this lag this edited collection explores through critical discussion and application a variety of critical approaches to advertising Authors address a variety of concrete examples in their chapters drawing on existing research while presenting new findings where relevant In order to maintain the relevance of this collection past this particular historical moment however chapters do not simply report on empirical work but develop a theoretical argument **Communicating Resiliency and Efficacy in a**

Digital Age Juliet Pinto, Stephen Mainzer, Lola Xie, 2025-08-18 Communicating Resiliency and Efficacy in a Digital Age Mediated Communities takes an interdisciplinary look at the roles and processes associated with mediated communication in helping to foment community resiliency **Human Resources and Their Development - Volume I** Michael J.

Montalbano, 2019-08-26 Gender Race

and Social Identity in American Politics The Past and Future of Political Access explores the ways in which cultural expression is represented in American politics as it intersects with issues of gender race and the construction of social identity Specifically this body of work examines how representations in the media and larger culture can establish and diminish the status of diverse communities of American politicians Contributors analyze the rhetorical and performative changes that have occurred in America as it has shifted politically from growing acceptance and tolerance to an obscure and often hostile conservative ideology This book contributes to the growing dialogue surrounding American politics by citing specific cases of gender and race based infringements of the current political system as purported by media and party players This book will be especially useful to scholars of political science media studies gender studies and critical race studies The Elements of Small Business John Thaler, 2005 Most entrepreneurs already know their businesses well and

have common sense what they need are fundamental practical tools for creating successful systems within the business This books shows them how **Parables for the Virtual** Brian Massumi,2021-08-30 Since its publication twenty years ago Brian Massumi s pioneering Parables for the Virtual has become an essential text for interdisciplinary scholars across the humanities Massumi views the body and media such as television film and the internet as cultural formations that operate on multiple registers of sensation Renewing and assessing William James s radical empiricism and Henri Bergson s philosophy of perception through the filter of the postwar French philosophy of Deleuze Guattari and Foucault Massumi links a cultural logic of variation to questions of movement affect and sensation Replacing the traditional opposition of literal and figural with distinctions between stasis and motion and between actual and virtual Massumi tackles related theoretical issues by applying them to cultural mediums as diverse as architecture body art the digital art of Stelarc and Ronald Reagan s acting career The result is an intriguing combination of cultural theory science and philosophy that asserts itself in a crystalline and multifaceted argument This twentieth anniversary edition includes a new preface in which Massumi situates the book in relation to developments since its publication and outlines the evolution of its main concepts It also includes two short texts Keywords for Affect and Missed Conceptions about Affect in which Massumi explicates his approach to affect in ways that emphasize the book s political and philosophical stakes **The Evolution of the Social Sciences** Donald K.

Sharpe,2009-01-01 This book charts the development of the main social sciences _religion history philosophy law sociology anthropology and economics_ through an examination of the lives and works of each discipline s key historical figures

Acting for the Common Good Michael J. McGrath,2023-08-08 The goods that we pursue in our lives are for us first and foremost goods that are particular and personal and thus goods that are immediate to our attention Not readily apparent to us are goods necessary for the flourishing of our lives but that can be attained by us only in consort with others and thus realized only through collective action Such goods are common goods The wider the good the more extensive must be the human cooperation to realize the good A stable orderly society and a habitable planetary environment are common goods that can be realized only in and through the cooperation of all for the benefit of all That all contribute to the shared good of the whole is a matter of justice social justice Acting for the Common Good undertakes the study of social justice in light of the common good this from the viewpoint of Catholic social teaching which draws upon the tradition of the common good that is articulated classically in the philosophy of Aristotle and the theology of Thomas Aquinas and in the modern day social thought and authoritative teachings of the Catholic Church Efficiency and Management Guy Callender,2008-11-19

Designing a more reliable basis on which to evaluate management behaviour this excellent book engages fully with management rhetoric and the frequent confusion surrounding it **Further to Fly** Sheila Radford-Hill,2000 Amid the longest running economic boom in American history and despite the emergence of a significant black middle class the lot of low income black people in general and black women in particular seems more troubling than ever Their plight Sheila

Radford Hill argues in this book is directly related to the diminution of black women's traditional power as culture bearers and community builders. A cogent critique of feminist theory and practice, *Further to Fly* identifies the failure of feminism to connect with the social realities it should seek to explain, in particular the decline of black women's empowerment. *Further to Fly* searches out the causes and effects of this decline, describing the ways in which, since the 1960s, black women have been stripped of their traditional status as agents of change in the community and how, as a result, the black community has faltered. Radford Hill explores the shortcomings of second wave black and white feminism, revealing how their theoretical underpinnings have had unintended and often unacknowledged negative consequences for black women's lives and their communities. While acknowledging that African American women have made significant contributions to the black struggle for justice in America, Radford Hill argues that more needs to be done. She combines social criticism and critical analysis to argue that black women must revive their legacy of activism and reclaim the tradition of nurturing in the black community, proposing specific tactics that can be used to revive the support networks that help determine the obligations of community members and guide how people interact on an everyday level. As a deft account of the genesis and effects of black women's diminishing power and as a sobering analysis of the devastating blunders of feminist theory and practice, this work makes a compelling argument for an authentic feminism, one that aggressively connects the realities of women's experiences, needs, aspirations, and responsibilities.

The Dark Side of Leadership Anthony H. Normore, Jeffrey S. Brooks, 2016-12-14 This volume explores the dark side of leadership, the unethical, unlawful, and unconscionable practice in which some leaders engage. The book includes contributions from scholars from the worlds of education, business, nursing, and other relational oriented fields of inquiry and practice.

Introduction to International Political Economy David N. Balaam, Bradford Dillman, 2015-07-17 A complete and accessible overview of how politics and economics collide in a global context. This text surveys the theories, institutions, and relationships that characterize IPE and highlights them in a diverse range of regional and transnational issues. The bestseller in the field, *Introduction to International Political Economy* positions students to critically evaluate the global economy and to appreciate the personal impact of political, economic, and social forces.
