Mourning the Unborn Dead Jeff Wilson,2009-01-21 Many Western visitors to Japan have been struck by the numerous cemeteries for aborted fetuses which are characterized by throngs of images of the Bodhisattva Jizo usually dressed in red baby aprons or other baby garments and each dedicated to an individual fetus Abortion is common in Japan and as a consequence one of the frequently performed rituals in Japanese Buddhism is mizuko kuyo a ceremony for aborted and miscarried fetuses Over the past forty years mizuko kuyo has gradually come to America where it has been appropriated by non Buddhists as well as Buddhist practitioners In this book Jeff Wilson examines how and why Americans of different backgrounds have brought knowledge and performance of this Japanese ceremony to the United States Drawing on his own extensive fieldwork in Japan and the U S as well as the literature in both Japanese and English Wilson shows that the meaning and purpose of the ritual have changed greatly in the American context In Japan mizuko kuyo is performed to

placate the potentially dangerous spirit of the angry fetus In America however it has come to be seen as a way for the mother to mourn and receive solace for her loss Many American women who learn about mizuko kuyo are struck by the lack of such a ceremony and see it as filling a very important need Ceremonies are now performed even for losses that took place many years ago Wilson s well written study not only contributes to the growing literature on American Buddhism but sheds light on a range of significant issues in Buddhist studies interreligious contact women s studies and even bioethics *Palliative and End-of-Life Care, An Issue of Nursing Clinics of North America* James C.
