## **Finding God Ten Jewish Responses:**

**Finding God** Rifat Sonsino, Daniel B. Syme, 1986 This is a book about God specifically about the different ways Jews have spoken of God throughout history In its examination of 4 000 years of Jewish thought it presents the broad spectrum of theological opinions that have been explored and affirmed by great Jewish thinkers ancient and modern Many Jews today avoid speaking about God Unable to accept the traditional notions presented to them as authoritative they often turn to other faiths or cults that offer the possibility of spiritual expression more in keeping with their personal God concept Unaware of the variety within Judaism they abandon their religious community in the mistaken impression that their longing for God cannot be satisfied within the faith of their ancestors In this book the authors skillfully present ten distinct Jewish theological perspectives each of which has something to say to us today about our lives as individuals and as Jews Each grapples with the following crucial questions What is God Is there more than one God What is God s name How can we know God What is God s relationship to the world Does God have a special relationship with the Jewish people What does God want from us How does God relate to me Why is there evil in the world If we make it possible for one Jew to reclaim his or her Jewish spiritual identity the authors write if we help others to begin to talk about God without ambivalence or embarrassment if we serve as a catalyst for further study of these and other Jewish thinkers we will consider our work worthwhile *Finding God* Rifat Sonsino, Brad Gerstle, Daniel B. Syme, 1986-03-01 Covers 4 000 years of Jewish thought and how Jews have spoken of God throughout history Ten distinct Jewish theological perspectives on belief help readers discover that no single interpretation is the Jewish God concept [Six Jewish Spiritual Paths](#) Rifat Sonsino, 2013-01-03 The quest for spirituality is universal but with so many paths of spiritual nourishment to explore how do we begin to find the one that is right for us Our tradition provides us with appropriate vehicles to express our spirituality within the framework of Judaism Jewish sages taking into account the need and makeup of the individual Jew have been very generous in outlining for us various alternatives As you become aware of your emotional and intellectual needs and search for an appropriate path to meet them with integrity you will soon realize that you have a preference for certain paths among the many from Chapter 9 Rabbi Rifat Sonsino a self proclaimed rationalist offers a candid comprehensive discussion of the major paths to spirituality within the framework of Judaism and the differing way each path can help us on our quest to nourish the soul and enlighten the mind Acts of transcendence prayer meditation study ritual relationship and good deeds which is the best path for you How can you follow it *The Ultimate Jewish Teacher's Handbook* Nachama Skolnik Moskowitz, 2003 This complete and comprehensive resource for teachers new and experienced alike offers a big picture look at the goals of Jewish education [Investigating Prayer](#) Ian Olver, 2012-10-11 This book relates the experience of researching planning and conducting a scientific study into intercessory prayer prayer for others The purpose of the study was to ascertain whether the impact of prayer could be measured in a formal study based on the large number of anecdotal reports of efficacy The study was a prospectively

randomized double blind trial that added prayer by an established Christian prayer group to conventional therapy for cancer The unique design feature was that the primary endpoint was a change in a validated scale of spiritual well being The patients were informed that they were participating in a study about spiritual well being and quality of life but remained blinded to the intervention The initial observation from the baseline data was that spiritual well being made a unique contribution to quality of life The final outcome of the study was that there was a statistically significant difference in spiritual well being favoring the prayer group The background includes a fascinating review of the medical literature on the topic which contains positive and negative studies that each attracts a vigorous debate about methodology endpoints and whether metaphysical phenomena can or should be studied using scientific methodology The complementary and alternative medicine literature is also equivocal as to whether prayer arguably the most common complementary medical therapy should be included in the range of interventions grouped under that heading In addition to reporting the background and results of the study the book explores the reactions of a range of individuals to the trial all of which help reflect on the nature of prayer

Korngold,2011 In this provocative look at the many faces of God Jamie Korngold examines how our concept of God has changed over the centuries and how these changes have shaped every aspect of Judaism [The Messiah and the Jews](#) Rabbi Elaine Rose Glickman,2013-02-01 A comprehensive inspiring and fascinating discovery of what Jews believe about the Messiah and why you might believe in the Messiah too The conviction that the Messiah is coming is a promise of meaning It is a source of consolation It is a wellspring of creativity It is a reconciliation between what is and what should be And it is perhaps our most powerful statement of faith in God in humanity and in ourselves from Chapter 1 The Messiah Is Coming The coming of the Messiah the promise of redemption is among Judaism s gifts to the world But it is a gift about which the world knows so little It has been overshadowed by Christian belief and teaching and as a result its Jewish significance has been all but lost To further complicate matters Jewish messianic teaching is enthralling compelling challenging exhilarating yet up until now woefully inaccessible This book will change that Rabbi Elaine Rose Glickman brings together and to life this three thousand year old tradition as never before Rather than simply reviewing the vast body of Jewish messianic literature

she explores an astonishing range of primary and secondary sources explaining in an informative yet inspirational way these teachings significance for Jews of the past and infuses them with new meaning for the modern reader both Jewish and non Jewish

**Three Perspectives: Jewish, Christian, and Muslim** Steven H. Propp, 2009-12-30 Youre Jewish arent you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by

secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world

*Between Man and God* Martin Sicker, 2001-06-30 Sicker presents a personal attempt to come to grips with the awesome question Where was God at Auschwitz and with it some of the related central issues of Jewish thought and belief There is a tendency among many writers of contemporary work of theology to argue that the very fact of the Holocaust invalidates traditional Jewish theory and that its long held ideas about God must therefore be revised radically However Jewish thinkers have long asked the equivalent of this troubling question albeit in reference to other places and times in Israel s history and have offered possible answers just as we do today The big difference between then and now is not the enormity of the Holocaust but the readiness of earlier thinkers to search for meaning without almost cavalierly discarding traditionally cherished ideas and beliefs The author argues that modern advocates of radical theological revision actually have little to add to our understanding of the ways of God and even less to a meaningful Judaic perspective on the universe and the relationship between man and God A second concern is the contemporary argument that because there is no universally accepted theology of Judaism one is not bound by any particular conception of God whether of biblical or rabbinic origin Jewish theology has thus come to be viewed essentially as an equal opportunity field of intellectual endeavor an approach Sicker considers fundamentally and fatally flawed Traditional non dogmatic thought does not require radical revision What is required is a sympathetic understanding of the theological assumptions and ideas of the past coupled with a sincere and respectful attempt to reformulate them in terms more attuned to the modern temper
