Dockery, Gregory Alan Thornbury, 2002 Shaping a Christian Worldview presents a collection of essays that address the key issues facing the future of Christian higher education With contributions from key players in the field this book addresses the critical issues for Christian institutions of various traditions as the new century begins to leave its indelible mark on education      *Understanding Self and Others in the Postmodern World* Richard E. Bailey Ph. D., 2013 Understanding Self and Others in the Postmodern World is unlike most books directed at giving people insight into themselves in that it is addressed to those who want to think about their lives relationships with others and how Western culture has arrived at the Postmodern World This book examines seven different worldviews that have become dominant for periods of time in the history of Western culture The author explains that although all worldviews share the same structure and characteristics they vary markedly in their contents Further a worldview molds those entering it after its own image Those readers 1 who identify their own assumptions about the nature of reality what it means to be a human being and the truth will gain insight into themselves And identifying the assumptions held by others on these matters will give the reader insight into them The problem in the Postmodern World is that we live and work with people who live in these different worlds That situation has invited disagreement and conflict which unresolved has led to the chaos that is characteristic of our time The solution before the nations of the West is that each citizen must grant to all others the same rights to life liberty and the pursuit of happiness he or she claims for him or herself

True North Mark Liederbach, Seth Bible, 2012-11-01. Because the Bible describes the second person of the Trinity as the key agent in creation, redemption, and the restoration of all things, it is imperative that Christians seeking conformity to the image of Christ root their understanding of and motivation for creation care in a theology and ethic that seeks to maximize the worship of Christ throughout all creation. Discussions related to creation care and environmental ethics have become both politically charged and highly controversial. Unfortunately, while a growing number of Christian books address various aspects of creation care that either support or deny the reality of global warming or perhaps advocate various policies and practices, there is very little work available seeking to focus on, clarify, and establish the biblical and theological foundations upon which Christians ought to care for God's world. Even more specifically, there seems to be almost a complete dearth of accessible works in theology or ethics that offers a Christology of creation care. Thus, the purpose of *True North* is to explore the person and work of Christ in creation, redemption, and the restoration of all things, so as to establish the idea that caring for God's creation depends not upon prognostications for or against a global warming crisis. Rather, the motivation for Christians to care for creation flows from the created purposes established in the very fabric of the universe: faithful discipleship in Christ and the inherent goal to return to God, all the glory he is due from every corner and aspect of creation.

**Understanding the Culture** Jeff Myers, 2017-03-01. Addressing issues such as gender identity, abortion, technology, and poverty, Dr. Myers challenges readers to ask: How can an authentic Christian worldview provide a compassionate, effective witness in culture today? Dr. Myers first shows readers what they can learn from Christian history and why today's issues might not be as new as they seem. Then he takes them through the significant topics that affect them every day, offering biblical ideas for conversing with others in an increasingly hostile culture. This capstone book to a groundbreaking worldview trilogy equips readers to apply a bold Christian witness to their relationships with loved ones, neighbors, and colleagues.

*War Time Preaching and Teaching* Jeffrey J. Richards, 2012-10-22. *War Time Preaching and Teaching* explores the hermeneutics, science of interpretation, and homiletics, art of preaching, of both Rudolf Bultmann and Dietrich Bonhoeffer. The book explores the thought and impact of these two theologians primarily within the American debate. Both Bultmann and Bonhoeffer are somewhat misunderstood, and it seems that they are either totally accepted or rejected, depending in many instances on one's personal understanding of their method of biblical interpretation. The book attempts to objectively view

their methods of biblical interpretation and how they expressed their research in their writings preaching and teaching Both concluded that the presenting of the Gospel in a relevant manner is the ultimate need for humankind today Both lived during a most challenging period of world history but were able to communicate in a captivating manner Certainly the times in which we live today call for those who possess a similar commitment

**E Street Shuffle** Clinton Heylin, 2013-01-03 The celebrated popular music scholar presents an intimate portrait of The Boss and his legendary band Bruce Springsteen fans know that the band makes the man which is why millions of people have jammed stadiums and arenas to see The Boss play countless shows with his incredible E Street Band In this revelatory and unapologetic biography respected music scholar Clinton Heylin turns a critical eye towards Springsteen's early days capturing this classic phase of his career and his rise from Asbury Park hood rat to global rock star Using long buried archival recordings and bootlegs Heylin expertly traces Springsteen's creative process as a songwriter and performer and illuminates the roles of the E Street Band members in creating their distinctive sound Highly nuanced and as fiery as Springsteen himself E Street Shuffle offers the most revealing portrait yet written on this American icon
