Dallaire,2024-04-02 International humanitarian icon and bestselling author General Rom o Dallaire guides readers on a crucial and inspiring journey from past wars through post modern conflict toward a vision of lasting peace In The Peace Rom o Dallaire shows us the past present and future of war through the prism of his own life Trained in classic warfare during the Cold War era of mutual deterrence Dallaire in good faith commanded the UN s peacekeeping mission for Rwanda in 1994 only to see the country abandoned and descend into the hell of genocide The battered tortured warrior who emerged from that catastrophe grew determined to help repair the new world disorder to prevent genocide abolish the use of child soldiers and find ways to intervene in even prevent conflicts in defence of humanity And so Dallaire helped advance the doctrines of Responsibility to Protect and the Will to Intervene only to witness those initiatives falter because of the same old power politics national self interest and general indifference that had allowed the genocide in Rwanda to unfold unchecked In his final act Dallaire has become a warrior working towards a better future in which those old paradigms are rejected and replaced In The Peace he calls out the elements that undermine true security because they reinforce the dangerous self interested belief that balance of power and truces are the best we can do Too often we say we are at peace because the bombs are falling elsewhere and we ourselves are not under attack Dallaire shows us a path instead to what he calls the peace a state where above all else humanity values the ties that bind us and the planet together and acts accordingly This
