Fire in the Bones S. Michael Wilcox, 2004 **Fire in My Bones** Fred M. Wood, 1959 *Fire in the Bones* Robert A. (Robert Arthur) Wallace, 1990-01-01 **Fire in My Bones** Glenn Hinson, 2010-11-24 Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus To capture this layering Hinson demonstrates how all the parts of the gospel program work together to shape a single whole joining speech and song performer and audience testimony prayer preaching and singing into a seamless and multifaceted service of worship Personal stories ground the discussion at every turn while experiential testimony fuels the unfolding arguments *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians but it is also an exploration of African American aesthetics the study of belief and the ethnographic enterprise *Fire in My Bones* Charles H. King, 1986 From the moment he became aware of his identity in the armed forces in his late teens through World War II the Black revolution in the 50s and the urban disorders and riots of the 60s Charles H King encountered and fought racism His varied career in military service as a hotel waiter as a pastor as executive director of the Human Relations Commission in Gary Indiana and as a member of the President's Commission on Civil Disorders led him to an unwavering conviction Racism is white White people must change Blacks are powerless financially politically even spiritually you cannot pray down the white man I will not admit that there has been progress insists King We have to deal with the unsolved problems of the vast majority of black people not the handful of blacks who have acclimated themselves More than the story of one man's struggle *Fire in My Bones* presents a vivid picture of institutionalized racism from the perspective of its victims *Fire in My Bones* also tells the remarkable story of how a sudden burst of honest and uncontrollable black rage broke down racial barriers and penetrated white consciences when polite discussion had failed Charles King's almost accidental discovery that white people can change has led him to refine his encounter approach and to challenge racism in seminars on college and university campuses in the military in corporation board rooms in police forces and on television From book jacket 1983 edition *Fires in GunaiKurnai Country* Jessie Buettel, Bruno David, Russell Mullett, Joanna Fresløv, Katherine Szabó, GunaiKurnai Land and Waters Aboriginal Corporation, 2023-06-08 Anthropogenic climate change is becoming a reality and in Australia this means longer more intense wildfire seasons over a wider area The GunaiKurnai people saw much of their Country decimated during Black Summer 2019 2020 prompting questions about both the management of Country and its heritage resources moving forward **Walford's Antiquarian** Edward Walford, George W.
