## **Fire In The Bones Bill Mason And The Canadian Canoeing Tradition:**

**Fire In The Bones** James Raffan, 2010-11-09 When Bill Mason set off alone into the wilderness in his red canoe many people went with him if only in their imaginations Now James Raffan leads us into the heart of the vast landscape that was Bill Mason's own brilliant imagination on a biographical journey that is entertaining enriching and inspiring Bill Mason was a filmmaker who gave us classics such as *Cry of the Wild* and *Paddle to the Sea* he was author of the canoeist's bible *Path of the Paddle* he was the consummate outdoorsman But few Canadians know that his gentleness and rugged self-sufficiency masked a life of great physical struggles James Raffan reveals the private sometimes anguished man behind the legend

**The Canoe in Canadian Cultures** Bruce W. Hodgins, John Jennings, Doreen Small, 2001-05-15 The canoe is a symbol unique to Canada One of the greatest gifts of First Peoples to all those who came after the canoe is Canada's most powerful icon Within this *Canexus II* publication are a collection of essays by paddling enthusiasts and experts Contributing authors include Eugene Arima Shanna Balazs David Finch Ralph Frese Toni Harting Bob Henderson Bruce W Hodgins Bert Horwood Gwyneth Hoyle John Jennings Timothy Kent Peter Labor Adrian Lee Kenneth R Lister Becky Mason James Raffan Alister Thomas and Kirk Wipper *Inheriting a Canoe Paddle* Misao Dean, 2013-02-25 If the canoe is a symbol of Canada what kind of Canada does it symbolize *Inheriting a Canoe Paddle* looks at how the canoe has come to symbolize love of Canada for non-aboriginal Canadians and provides a critique of this identification's unintended consequences for First Nations Written with an engaging personal style it is both a scholarly examination and a personal reflection delving into representations of canoes and canoeing in museum displays historical re-enactments travel narratives the history of wilderness expeditions artwork film and popular literature Misao Dean opens the book with the story of inheriting her father's canoe paddle and goes on to explore the canoe paddle as a national symbol integral to historical tales of exploration and trade central to Pierre Trudeau's patriotism and unique to Canadians wanting to distance themselves from British and American national myths Throughout *Inheriting a Canoe Paddle* emphasizes the importance of self-consciously evaluating the meaning we give to canoes as objects and to canoeing as an activity **Bill Mason, Wilderness Artist** Ken Buck, 2005 Memorial Book for Elaine Williams Dec 2005

**Canoe Country** Roy MacGregor, 2016-05-10 One of our favourite chroniclers of all things Canadian presents a rollicking personal photo-filled history of the relationship between a country and its canoes From the earliest explorers on the Columbia River in BC or the Mattawa in Ontario to a doomed expedition of voyageurs up the Nile to rescue Khartoum from the author's family roots deep in the Algonquin wilderness to modern families who have canoed across the country kids and dogs included *Canoe Country* is Roy MacGregor's celebration of the essential and enduring love affair Canadians have with our first and still favourite means of getting around Famous paddlers have been so enchanted with the canoe that one swore God made Canada as the perfect country in which to paddle it Drawing on MacGregor's own decades spent whenever possible with a paddle in his hand this is a story of high adventure on white water and the sweetest peace in nature's quietest

corners from the author best able and most eager to tell it      **Canoe Nation** Bruce Erickson, 2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In *Canoe Nation* Bruce Erickson argues that the canoe's sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada that overvalues the nation's connection to nature From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe authenticates Canada's reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics      Locations of the Sacred William Closson James, 2006-01-01 Where do Canadians encounter religious meaning Not where they used to In ten lively and wide ranging essays William Closson James examines various derivations of the sacred in contemporary Canadian culture Most of the essays focus on the religious aspects of modern Canadian English fiction for example in essays on the fiction of Hugh MacLennan Morley Callaghan Margaret Atwood and Joy Kogawa But James also explores other non literary events and activities in which Canadians have found something transcendent or revelatory Each of the chapters in *Locations of the Sacred* can be read independently as a discrete analysis of its subject Taken as a whole the essays make up a powerful argument for a new way of looking at the religious in contemporary Canada not in the traditional ways of being religious but in activities and locations previously thought to be secular Thus the domains and modes of the religious are expanded not restricted      *National Dreams* Daniel Francis, 2002-07-01 As Canadians we remember the stories told to us in high school history class as condensed images of the past the glorious Mountie the fearsome Native the Last Spike *National Dreams* is an incisive study of the most persistent icons and stories in Canadian history and how they inform our sense of national identity the fundamental beliefs that we Canadians hold about ourselves *National Dreams* is the story of our stories the myths and truths of our collective past that we first learned in school and which we carry throughout our adult lives as tangible evidence of what separates us from other nationalities Francis examines various aspects of this national mythology in which history is as much storytelling as fact Textbooks were an important resource for Francis For me these books are interesting not because they explain what actually happened to us but because they explain what we think happened to us For example Francis documents how the legend of the CPR as a country sustaining national affirming monolith was created by the company itself a group of capitalists celebrating the privately owned railway albeit one which was generously supported with public land and cash and reiterated by most historians ever since Similarly we learn how the Mounties were transformed from historical police force to mythic heroes by a vast army of autobiographers historians novelists and Hollywood filmmakers with little attention paid to the true role of the force in such incidents as the Bolshevik rebellion in which a secret conspiracy by the Government against its people was conducted through the RNWMP Also revealed in *National Dreams* are the stories surrounding the formation and celebration of Canadian heroes such as Louis Riel and Billy Bishop      Paddling Partners Bruce W. Hodgins, Carol

Hodgins,2008-02-08 Carol and Bruce Hodgins began leading canoe trips in 1957 for Camp Wanapitei on Lake Temagami in Northern Ontario initially to the great rivers of that region and on into Quebec Their first venture north of 60 found them on the South Nahanni soon to be followed by the Coppermine River and by the 1990s their annual tripping took them to the Soper River on Baffin Island included with their richly descriptive accounts of wilderness travel with groups of people are kayak adventures in Baja California Mexico and the Queen Charlottes paddling in and near the Everglades and explorations on Heritage rivers in the Maritimes and along the coast of Newfoundland Few have personally experienced the breadth of wilderness travel in Canada as have the Hodgins husband and wife team Their fifty years as paddling partners a legendary achievement is a story of shared joys challenges triumphs and mishaps delightfully told and augmented by excerpts from daily logs historical insights and the tidbits of experience gleaned over the years *States of Nature* Tina Loo,2011-11-01 Since the early days of the fur trade wildlife has been powerfully and inspiringly emblematic of Canada Yet the story of saving Canada s wildlife is largely unknown *States of Nature* is one of the first books to trace the development of Canadian wildlife conservation from its social political and historical roots While noting the influence of celebrity conservationists such as Jack Miner and Grey Owl Tina Loo emphasizes the impact of ordinary people on the evolution of wildlife management in Canada She also explores the elements leading up to the emergence of the modern environmental movement ranging from the reliance on and practical knowledge of wildlife demonstrated by rural people to the more aloof and scientific approach of state sponsored environmentalism Illustrated with evocative images of the Canadian wilderness of yesteryear and supported by historical case studies *States of Nature* will appeal to historians policy makers and wildlife managers as well as to general readers fascinated by the natural world and its champions **International Sport: A Bibliography, 1995-1999** Richard William Cox,2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new **Canadian Geographic** ,1999 **Screening Nature and Nation** Michael D. Clemens,2022-04-27 The stunning portrayals of the Canadian landscape in the documentaries produced by the National Film Board of Canada not only influenced cinematic language but shaped our perception of the environment In the early days of the organization nature films produced by the NFB supported the Canadian government s nation building project and show the state as an active participant in the cultural construction of the land By the mid 1960s however films like *Cree Hunters of Mistassini* and *Death of a Legend* were asking provocative

questions about the state's vision of nature. Filmmakers like Boyce Richardson and Bill Mason began to centre the experiences of First Nations people, contest the notion that nature should be transformed for economic gain and challenge the idea that the North is a wild and empty landscape bereft of civilization. Author Michael Clemens describes how films produced by the NFB broadened the ecological imagination of Canadians over time and ultimately inspired an environmental movement.
