hidden snipers Bowen was wounded during the Normandy campaign but went on to fight in Holland and the Ardennes where he was captured That s when his trip through hell truly began In each of Bowen s campaigns the 101st Screaming Eagles spearheaded the Allied effort against the Nazi occupation of Europe At Bastogne they stood nearly alone against the onslaught of enemy panzers and grenadiers His insights into life behind enemy lines after his capture provide as much fascination as his exploits on the battlefield Written shortly after the war Bowen s narrative is immediate and compelling An introduction by the world s foremost historian of the 101st Airborne George Koskimaki further enhances this classic work

**Nothing but Courage** James Donovan,2025-05-27 From the bestselling author of Shoot for the Moon and A Terrible Glory comes the dramatic story of the courageous paratroopers and glidermen of the 82nd Airborne who risked their lives to seize and secure a small centuries old bridge in France that played a pivotal role in the success of D Day In June 1944 German and American forces converged on an insignificant bridge a few miles inland from the invasion beaches If taken by the Nazis the bridge might have gone down in history as the reason the Allies failed on D Day The narrow road over it was each side s conduit to victory Continued Nazi control over the bridge near an old manoir known as La Fi re one of only two bridges in the region capable of supporting tanks and other heavy armor would allow the Germans to reinforce their defenses at Utah Beach one of the five landing areas chosen for Operation Overlord the Allied invasion of Nazi held Europe But because control of the bridge was also essential to moving U S troops inland and off the beach it could not simply be destroyed it had to be taken and held by the Allies This was part of the formidable mission of the 82nd Airborne whose lightly armed but superbly trained troopers had dropped behind and into German lines five hours before the seaborne assault on Utah While blocking enemy reinforcements they had to seize and secure avenues of approach from the beaches to the interior of Normandy including two bridges over the modest Merderet River and the key crossroads village of Sainte M re glise Failure would give Hitler enough time and the opportunity to build up the resources necessary to defeat the invasion and turn the tide for the Nazis The village was taken early on D Day and the 82nd endured repeated attacks by much larger German forces But the bridge at La Fi re became a bloody three day standoff against tanks and artillery that culminated in a near suicidal charge across it and the narrow 500 yard causeway beyond straight into the teeth of a fierce German defense ordered to hold it to the last man
