Firebringer And Other Great Stories Fifty Five Legends That Live Forever:

Firebringer and Other Great Stories Louis Untermeyer, 1968-10-01 **The Firebringer and Other Great Stories**, 1986-09 A retelling of fifty five myths and legends from many countries including the stories of Jason King Arthur Joan of Arc and Chanticleer **Children's Books on Ancient Greek and Roman Mythology** Antoine Brazouski, Mary J Klatt, 1993-11-23 The classical heritage continues to impact modern culture in many ways This bibliography lists and describes those books on Greek and Roman mythology from the mid 19th century to the present which are useful for introducing children to the classical world The volume begins with a brief history of children's books on classical mythology in the United States A chapter then discusses the various techniques through which classical myths were adapted for children The annotated bibliography follows with each entry including a critical annotation on how closely the work adheres to the original myth Each entry also includes an indication of the grade level of each book Indexes allow the user to locate sources according to title illustrator time period myth and subject Classical Reception and Children's Literature Owen Hodkinson, Helen Lovatt, 2018-01-30 Reception studies have transformed the classics Many more literary and cultural texts are now regarded as valid for classical study And within this process of widening children's literature has in its turn emerged as being increasingly important Books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world with an audience that constantly changes as it grows up This innovative volume wrestles with that very characteristic of change which is so fundamental to children's literature showing how significant the classics as well as classically inspired fiction and verse have been in tackling the adolescent challenges posed by metamorphosis Chapters address such themes as the use made by C S Lewis in *The Horse and his Boy* of Apuleius' *The Golden Ass* how Ovidian myth frames the Narnia stories classical nonsense in Edward Lear's *Pan* as a powerful symbol of change in children's literature for instance in *The Wind in the Willows* the transformative power of the Orpheus myth and how works for children have handled the teaching of the classics **The Juggler of Notre Dame and the Medievalizing of Modernity** Jan M. Ziolkowski, 2018-10-31 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries *The Juggler of Notre Dame* tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today In this volume Jan Ziolkowski follows the juggler of Notre Dame as he cavorts through

new media including radio television and film becoming closely associated with Christmas and embedded in children's literature Presented with great clarity and simplicity Ziolkowski's work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies **Reading the Juggler of Notre Dame** Jan M.

Ziolkowski,2022-07-25 In this two part anthology Jan M Ziolkowski builds on themes uncovered in his earlier *The Juggler of Notre Dame and the Medievalizing of Modernity* Here he focuses particularly on the performing arts Part one contextualises *Our Lady's Tumbler* a French poem of the late 1230s by comparing it with episodes in the Bible and miracles in a wide variety of medieval European sources It relates this material to analogues and folklore across the ages from among others Persian Jewish and Hungarian cultures Part two scrutinizes the reception and impact of the poem with reference to modern European and American literature including works by the Nobel prize winner Anatole France professor poet Katharine Lee Bates philosopher historian Henry Adams and poet W H Auden This innovative collection of sources introduces readers to many previously untranslated texts and invites them to explore the journey of *Our Lady's Tumbler* across both sides of the Atlantic *Reading the Juggler of Notre Dame Medieval Miracles and Modern Remakings* will benefit scholars and students alike The short introductions and numerous annotations shed light on unusual beliefs and practices of the past making the readings accessible to anyone with an interest in the arts and an openness to the Middle Ages **Childhood and the Classics** Sheila Murnaghan,Deborah H. Roberts,2018-03-16

The dissemination of classical material to children has long been a major form of popularization with far reaching effects although until very recently it has received almost no attention within the growing field of classical reception studies This volume explores the ways in which children encountered the world of ancient Greece and Rome in Britain and the United States over a century long period beginning in the 1850s as well as adults literary responses to their own childhood encounters with antiquity Rather than discussing the role of classics in education it focuses on books read for enjoyment and on two genres of children's literature in particular the myth collection and the historical novel The tradition of myths retold as children's stories is traced in the work of writers and illustrators from Nathaniel Hawthorne and Charles Kingsley to Roger Lancelyn Green and Ingri and Edgar Parin D'Aulaire while the discussion of historical fiction focuses particularly on the roles of nationality and gender in the construction of an ancient world for modern children The book concludes with an investigation of the connections between childhood and antiquity made by writers for adults including James Joyce Virginia Woolf and H D Recognition of the fundamental role in children's literature of adults ideas about what children want or need is balanced throughout by attention to the ways in which child readers have made such works their own The formative experiences of antiquity discussed throughout help to explain why despite growing uncertainty about the appeal of antiquity to modern children the classical past remains perennially interesting and inspiring **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1971
