**Contemporary Chinese Novels in Translation since 1978** Yun Wu, 2024-10-14 This book aims to complement the traditional focus of translation studies which has primarily centered on translating English into other languages It presents a comprehensive analysis of the reverse translation trajectory exploring the movement of Chinese literature into the core English literary domain The book aims to explore the ideological and sociological dynamics that underlie the translation of contemporary Chinese novels This is achieved through an examination

of the translation selection process translation paratexts and the roles of translation agents Case studies are employed to illustrate specific linguistic literary and cultural challenges within translation It dissects the cultural and literary implications of translating genres such as women s writing science fiction and Internet literature The argument presented is that the translation of peripheral literature is indispensable in shaping global literature Beyond its literary implications the book identifies the political significance inherent in such reverse translation endeavors It suggests that the translation of Chinese literature holds notable political interest for the Chinese government which aims to reshape China s image and bolster the nation s soft power through literary translation This work will be an essential read to students and scholars of translation studies comparative literature and Chinese studies      *Encyclopedia of Contemporary Chinese Culture* Edward Lawrence Davis,2005 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company      **Contemporary**

**The Columbia Companion to Modern East Asian Literature** Joshua S. Mostow,2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed analyses of the works of Tanizaki Jun ichiro and Murakami Haruki to far ranging

explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay

**The Columbia Companion to Modern Chinese Literature** Kirk A. Denton, 2016-04-05 The Columbia Companion to Modern Chinese Literature features more than fifty short essays on specific writers and literary trends from the Qing period 1895 1911 to the present The volume opens with thematic essays on the politics and ethics of writing literary history the formation of the canon the relationship between language and form the role of literary institutions and communities the effects of censorship the representation of the Chinese diaspora the rise and meaning of Sinophone literature and the role of different media in the development of literature Subsequent essays focus on authors their works and the schools with which they were aligned featuring key names titles and terms in English and in Chinese characters Woven throughout are pieces on late Qing fiction popular entertainment fiction martial arts fiction experimental theater post Mao avant garde poetry post martial law fiction from Taiwan contemporary genre fiction from China and recent Internet literature The volume includes essays on such authors as Liang Qichao Lu Xun Shen Congwen Eileen Chang Jin Yong Mo Yan Wang Anyi Gao Xingjian and Yan Lianke Both a teaching tool and a go to research companion this volume is a one of a kind resource for mastering modern literature in the Chinese speaking world

**The Organization of Distance** Lucas Klein, 2018-07-17 What makes a Chinese poem Chinese Some call modern Chinese poetry insufficiently Chinese saying it is so influenced by foreign texts that it has lost the essence of Chinese culture as known in premodern poetry Yet that argument overlooks how premodern regulated verse was itself created in imitation of foreign poetics Looking at Bian Zhilin and Yang Lian in the twentieth century alongside medieval Chinese poets such as Wang Wei Du Fu and Li Shangyin The Organization of Distance applies the notions of foreignization and nativization to Chinese poetry to argue that the impression of poetic Chineseness has long been a product of translation from forces both abroad and in the past

*Chinese Characters* L. Wieger, 2013-05-14 For at least 2 000 years Chinese scholars have conducted research into the writing system In addition to the study of origins and the processes by which new characters are created Chinese scholarship has been especially interested in creating a rational classification of characters for dictionary use which would show historical relationships idea relationships and phonetic features This volume by one of the most profound Sinologists of the twentieth century summarizes such traditional Chinese scholarship and carries research farther into the analysis of the writing system The heart of this book is a series of etymological lessons in which approximately 2 300 Chinese characters are classified according to 224 primitives upon which they are based For each character Father Wieger gives the modern form its archaic form literary pronunciation Wade system explanations of origin semantic content of component parts related characters variant forms quotations of classical usage and similar material The explanations of symbolic content are particularly rich and gather the most important traditional explanations especially the Shuo wen of Hs shih as well as the author s own research To make his book more useful Father Wieger has also incorporated a tremendous number of reading aids for the student listings of the primitives an index of the characters analyzed arranged by number of strokes a listing of 858 phonetic elements arranged by number of strokes a listing of about 10 000 characters by phonetic element a lexicon by transliteration comprising about 7 000 characters and a lexicon of about 10 000 characters according to the customary modern system of 214 radicals devised by Kang hsi With this most extensive apparatus students can locate any character they are likely to meet Indeed this supplementary material is so useful that it serves the purpose of a dictionary in its own right Recent archeological research has for the most part sustained the historical analyses of traditional Chinese scholarship and Father Wieger For the student however more important than the historical and classificatory concerns of the book are the analyses of characters in semantic terms In the Far East analysis of characters has long been taught in such terms but unfortunately this very valuable mnemonic technique has been largely overlooked in the West With Wieger s book however both teachers and students will find learning easier and more lasting when phonetic components are understood and the relationships are perceived between various characters between original forms and present forms and between idea and symbol Father Wieger s book is an indispensable aid to every student of Chinese and Japanese **Writing and Literacy in**

**Chinese, Korean and Japanese** Insup Taylor, M. Martin Taylor, 2014-12-15 The book describes how the three East Asian writing systems Chinese Korean and Japanese originated developed and are used today Uniquely this book 1 examines the three East Asian scripts and English together in relation to each other and 2 discusses how these scripts are and historically have been used in literacy and how they are learned written read and processed by the eyes the brain and the mind In this second edition the authors have included recent research findings on the uses of the scripts added several new sections and rewritten several other sections They have also added a new Part IV to deal with issues that similarly involve all the four

languages scripts of their interest The book is intended both for the general public and for interested scholars Technical terms listed in a glossary are used only when absolutely necessary     The Fissure King Rachel Pollack, 2017-10-10 Inspired equally by the classic TV noir Western *Have Gun Will Travel* and Vladimir Nabokov's most daring novel *Pale Fire* multiple award winning writer Rachel Pollack brings us the adventures of Jack Shade occult Traveler and modern shaman for hire Jack has a secret and this hidden part of his past sends him on a journey through spells and gateways to other worlds each one stranger than the last filled with such figures as professional Dream Hunters gangster magicians an invisible spirit fox named Ray an elegant Jinni named Archie and the Queen of Eyes holder of all oracular power in the world From the high stakes poker table in the Hotel de Reve Noire to the deadly Forest Of Souls to a cave where he must trap a sixty five thousand year old demon Jack flows in and out of this world Even when his own dream duplicate hires him to kill himself Jack is mercury in motion Jack the Nimble Jack the Quick until he runs out of tricks and must face his greatest fear *The Fissure King* A Novel In Five Stories collects the four existing Jack Shade novellas plus a new story that will require Jack's greatest sacrifice and change his very existence
