on scientific evidence and meets national and state physical education standards and national health and physical education guidelines. Materials have been field tested and used throughout the United States and the world. This comprehensive interactive new resource will help students in the following ways:

- Meet the national, state, and local grade level standards and outcomes developed for K-12 physical education by SHAPE America based on the new standards outlined in Healthy People 2020 and published in 2014.
- Learn the values and benefits of lifelong physical activity through the HELP philosophy, which specifies the goal of promoting health for everyone with an emphasis on lifetime activity designed to meet personal needs.
- Become informed consumers on matters related to lifelong physical activity and fitness.
- Learn self-management skills that lead to adopting healthy lifestyles.
- Recognize and overcome the barriers to reaching activity and fitness goals.
- Use technology to promote healthy living.
- Separate fitness facts from fiction.
- Take personal responsibility for program planning and setting individualized goals.

This best-selling text, written by internationally renowned authors and educators Charles B. Corbin and Guy C. Le Masurier, and contributing author and educator Karen McConnell, is suited for use in a general physical education or personal fitness class. It will help students meet national and state physical education standards, not only those focused on health-related fitness and physical activity but also those related to movement skills and concepts, diversity, and social responsibility.

Fitness for Life can be modified to fit any schedule, including block and accelerated block. It can be taught as semester-long, yearlong, or multiyear courses. The HELP philosophy, on which the book is based, health for everyone with an emphasis on lifetime activity designed to meet personal needs, teaches the value of lifelong physical activity as well as the idea that physical activity can and should be fun. The authors use the Stairway to Lifetime Fitness concept to show the importance of learning decision-making and problem-solving skills that enable students to develop their own health-related fitness programs and maintain a physically active lifestyle into adulthood.

Special Features in Every Chapter: Every chapter of Fitness for Life, Sixth Edition, includes self-assessments for the students to perform, including Fitnessgram assessments and lessons on self-management skills such as reducing risk factors, resolving conflicts, setting goals, managing time, and overcoming barriers to success. The book devotes multiple lessons to personal program planning, implementation, and evaluation. The chapters have a series of prominent features:
