Ford, 2009-12-21 While it may be considered taboo any woman married single or otherwise should feel good about her decision to take a lover How To Pick a Lover is a

groundbreaking book written to help women have meaningful and rewarding love affairs How do you choose a lover There are no time honored rules Greek chorus or yenta to tell you what qualities to look for or how to avoid potential minefields Literature is ripe with cautionary tales about bad things that happen to good women who stoop to the folly of taking a lover And traditionally a womans sexuality has been secondary to that of a mans How To Pick a Lover takes you on a journey of self discovery exploring your right to emotional and sexual fulfillment including the option of having a lover Many of your attitudes and beliefs about courting and being courted will be challenged throughout the pages of this book In return you will gain insights into the attributes and behaviors of men positive and negative that you must pay attention to if you are to pick a lover that is right for you     *The Canadian Home* Marc Denhez,1994-09 This book details how housing developed in Canada and includes revealing Canadian Home Builders Association records     *Britain and the Origins of Canadian Confederation, 1837-67* Ged Martin,2011-11-01 In explaining why the British North American provinces united in 1867 historians have tended to see Confederation as a logical response to the internal and external challenges of the 1860s With some ambiguity they have also attributed a major role to the British imperial factor in forcing the Maritime provinces to accept their predestined place in the Canadian nation In *Britain and the Origins of Canadian Confederation 1837 1867* Ged Martin offers a sceptical review of claims that Confederation answered all the problems facing the provinces and examines in detail British perceptions of Canada and ideas about its future The major British contribution to the coming of Confederation is to be found not in the aftermath of the Quebec conference where the imperial role was mainly one of bluff and exhortation but prior to 1864 in a vague consensus among opinion formers that the provinces would one day unite Faced with an inescapable need to secure legislation at Westminster for a new political structure British North American politicians found they could work within the context of a metropolitan preference for intercolonial union     *Canadian Reference Sources* Mary E. **History, Literature and the Writing of the Canadian Prairies** Alison Calder,Robert Wardhaugh,2005-05-16 The Canadian Prairie has long been represented as a timeless and unchanging location defined by settlement and landscape Now a new generation of writers and historians challenge that perception and argue instead that it is a region with an evolving culture and history In a collection of ten essays History Literature and the Writing of the Canadian Prairies explores a more contemporary prairie identity and reconfigures the prairie as a construct that is non linear and diverse responding to the impact of geographical historical and political currents These writers explore the connections between document and imagination between history and culture and between geography and time The subjects of the essays range widely the non linear structure of Carol Shield s The Stone Diaries the impact of Aberhart s Social Credit Marshall McLuhan and Mesopotamian myth on Robert Kroetsch s prairie postmodernism the role of document in long prairie poems the connection between cultural tourism and heritage the theme of regeneration in Margaret Laurence s Manawaka writing the influence of imagination on geography in Thomas Wharton s Icefields and the effects on an alpine climber of pre WWII ideological concepts of time and individualism

**Quotation Location** Patricia McColl Bee,Walter Schneider,Canadian Library Association,1990 Basements and Attics, Closets and Cyberspace Linda M. Morra,Jessica Schagerl,2013-01-24 Women s letters and memoirs were until recently considered to have little historical significance Many of these materials have disappeared or remain unarchived often dismissed as ephemera and relegated to basements attics closets and increasingly cyberspace rather than public institutions This collection showcases the range of critical debates that animate thinking about women s archives in Canada The essays in Basements and Attics Closets and Cyberspace consider a series of central questions What are the challenges that affect archival work about women in Canada today What are some of the

ethical dilemmas that arise over the course of archival research How do researchers read and make sense of the materials available to them How does one approach the shifting unstable forms of new technologies What principles inform the decisions not only to research the lives of women but to create archival deposits The contributors focus on how a supply research process might allow for greater engagement with unique archival forms and critical absences in narratives of past and present From questions of acquisition deposition and preservation to challenges related to the interpretation of material the contributors track at various stages how fonds are created or sidestepped in response to national and other imperatives and to feminist commitments how archival material is organized restricted accessed and interpreted how alternative and immediate archives might be conceived and approached and how exchanges might be read when there are peculiar lacunae missing or fragmented documents or gaps in communication that then require imaginative leaps on the part of the researcher
