Source Although the succession order poses limits as captured in the astrological imagination existence is not fatalistic Khayyam s conceptualist view of the human subject as an objective creative force in a participatory universe allows for the possibility of human self determination and freedom depending on his or her self awakening a cause for which the Robaiyat was intended Its collection would be a balanced unity of wisdom gems ascending from multiplicity toward unity using Wine and various astrological geometrical numerical calendrical and musical tropes in relationally classified quatrains that follow a logical succession order
