Gaff,2020-05-12 A compelling rumination by a baseball icon and a tragic hero Sports Illustrated The lost memoir from baseball icon Lou Gehrig a sensational discovery published for the first time as a book At the tender age of twenty four Lou Gehrig decided to tell the remarkable story of his life and career He was one of the most famous athletes in the country in the midst of a record breaking season with the legendary 1927 World Series winning Yankees In an effort to grow Lou s star pioneering sports agent Christy Walsh arranged for Lou s tale of baseball greatness to syndicate in newspapers across the country Until now those columns were largely forgotten and lost to history Lou comes alive in this inspiring memoir It is a heartfelt rags to riches tale about a dirt poor kid from New York who became one of the most revered baseball players of all time Fourteen years after his account Lou would tragically die from ALS a neuromuscular disorder now known as Lou Gehrig s Disease His poignant autobiography is followed by an insightful biographical essay by historian Alan D Gaff Here is Lou Hall of Famer All Star and MVP back at bat Report of the Annual Meeting British Association for the Advancement of Science.
