Tunes - Parlor Gems Joseph Mayes, 2021-02-11 In the late eighteenth and nineteenth centuries the parlor was a room set aside for particular functions Before the advent of the radio it was the place where formal presentations were staged including amateur and semi professional concerts This classical guitar solo collection for the intermediate to advanced player offers nine engaging and lyrical European and North American favorites of this bygone era All of the solos are presented in standard notation only and played on authentic reproductions of period instruments on the book s online companion
