Cox, 1929 *Encyclopaedia Britannica*, 1929 **Charles Simeon** Zack DiPrima, 2025-09-18 When Charles Simeon 1759-1836 arrived at Cambridge in the late 1770s the evangelical movement had limited institutional influence on the Church of England By his death in 1836 it is estimated that a third of Anglican pulpits were evangelical Simeon himself mentored over 1,100 ministers over the course of his lifetime which indelibly shifted the course of evangelicalism in the Church of England But what made Simeon such a mammoth figure in evangelicalism This book argues it was his pastoral theology Simeon's impact was not only profound but also distinct from that of his evangelical peers in the long eighteenth century He tirelessly gave his life to training young ordinands in a period when the vast majority

of England's ministers were educated in Cambridge and Oxford. By staying local and exemplifying an extraordinary commitment to ordinary ministry, he marshalled a multitude of zealous men ready to follow his model. Thus, he profoundly marked the Church of England and the world. In order to reach people outside his parish, he molded pastors, and in order to train pastors, he cared for the people within his parish.

The Christian Slaves of Depok Nonja Peters, 2021-07-28. This book recounts the little-known history of Cornelis Chastelein, a high-ranking official of the Dutch East India Company, and the 150-200 slaves he purchased from slave markets around South East Asia to work his landed estates in the Batavian Jakarta hinterlands. It traces the making and unravelling of his dream to create a self-sustaining Christian community of freed slaves in the midst of a Muslim stronghold. To this end, on his death on 28 June 1714, he freed most of his slaves and bequeathed those who had embraced Christianity his 1244-hectare Depok estate in collective ownership. The book isolates behaviours and events that influenced these Depokers' lives after Chastelein's death, such as endogamy, religion, war, revolution, and diaspora. Its main characters are the missionaries bent on Depokers' Dutchification, the Japanese invaders who demand obedience to their Asia for the Asians' thinking, and the Indonesian Pemuda freedom fighters who insist Depokers throw their weight behind the Independence movement. Enslavement made Depokers in-betweeners. In the Netherlands, they were considered Indonesian, and the Dutch, to whom they thought they belonged, painfully excluded them. Following the transfer of sovereignty, the Republic of Indonesia confiscated the rice fields of those that stayed and labelled them *Belanda Depok* (black Dutch). The history of the Depokers is a tale of survival in the face of adversity that takes in the dying embers of the Netherlands East Indies and the birth of Indonesia.

Leadership Formation in the African Context Samuel Deressa, 2022-03-25. The teachings of Christian leadership have been dominated by a focus on the influence of a leader on its followers. Samuel Deressa's new book, *Leadership Formation in the African Context*, highlights how an African concept of community and holistic approach to ministry provides a biblically sound approach to understanding leadership formation and practice in this new age. This book links the issue of missional leadership with the life of the congregation. It provides theological and practical insights into how we can understand leadership formation in contexts where churches are engaged in the *Missio Dei* as a community of believers.
