The Soviet Bloc, Unity and Conflict Zbigniew Brzezinski, 1967. This is the first full length study of relations among the communist states. The study explores the implications of the status of Yugoslavia and China, the significance of the Hungarian revolution and the position of Poland in the Soviet bloc and clarifies the Khrushchev-Gomulka clash of 1956 and the complex role of Tito. Zbigniew Brzezinski emphasizes the role of ideology and power in the relations among the communist states, contrasting bloc relations and the unifying role of Soviet power under Stalin with the present situation. He suggests that conflicts of interest among the ruling elites will result either in ideological disputes or in weakening the central core of the ideology leading to a gradual decline of unity among the Communist states. The author while on leave from his post as Professor and Director of the Research Institute on Communist Affairs, Columbia University and serving on the U.S. State Department's Policy Planning Council, has revised and updated his important study and added three new chapters on more recent developments. He gives particular attention to the Sino-Soviet dispute.

Prologue, 1982. National Union Catalog, 1979. Includes entries for maps and atlases. The Devil's Trick John Boyko, 2021-04-13.

Forty five years after the fall of Saigon, John Boyko brings to light the little known story of Canada's involvement in the American War in Vietnam. Through the lens of six remarkable people, some well known, others obscure, bestselling historian John Boyko recounts Canada's often overlooked involvement in that conflict as peacemaker, combatant and provider of weapons and sanctuary. When Brigadier General Sherwood Lett arrived in Vietnam over a decade before American troops, he and the Canadians under his command risked their lives trying to enforce an unstable peace while questioning whether they were merely handmaidens to a new war. As American battleships steamed across the Pacific, Canadian diplomat Blair Seaborn was meeting secretly in Hanoi with North Vietnam's prime minister if American leaders accepted his roadmap to peace, those ships could be turned around before war began. Claire Culhane worked in a Canadian hospital in Vietnam and then returned home to implore Canadians to stop supporting what she deemed an immoral war. Joe Erickson was among 30,000 young Americans who changed Canada by evading the draft and heading north. Doug Carey was one of the 20,000 Canadians who

enlisted with the American forces to serve in Vietnam Rebecca Trinh fled Saigon with her husband and young daughters joining the waves of desperate Indochinese refugees thousands of whom were to forge new lives in Canada Through these wide ranging and fascinating accounts Boyko exposes what he calls the Devil s wiliest trick convincing leaders that war is desirable persuading the public that it is acceptable and telling combatants that the deeds they carry out and the horrors they experience are normal or at least necessary In uncovering Canada s side of the story Boyko reveals the many secret and forgotten ways that Canada not only fought the war but was forever shaped by its lessons and lies

Sanctions with Chinese Characteristics Angela Poh,2025-10-01 The view that China has become increasingly assertive under President Xi Jinping is now a common trope in academic and media discourse However until the end of Xi Jinping s first term in March 2018 China had been relatively restrained in its use of coercive economic measures This is puzzling given the conventional belief among scholars and practitioners that sanctions are a middle ground between diplomatic and military paramilitary action Using a wide range of methods and data including in depth interviews with 76 current and former politicians policy makers diplomats and commercial actors across 12 countries and 16 cities **Sanctions with Chinese Characteristics Rhetoric and Restraint in China s Diplomacy** examines the ways in which China had employed economic sanctions to further its political objectives and the factors explaining China s behaviour This book provides a systematic investigation into the ways in which Chinese decisionmakers approached sanctions both at the United Nations Security Council and unilaterally and shows how China s longstanding sanctions rhetoric has had a constraining effect on its behaviour resulting in its inability to employ sanctions in complete alignment with its immediate interests

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1966 **Statesmen, Strategists, and Diplomats** Patrice Dutil,2023-06-15 Foreign policy is a tricky business Typically challenges and proposed solutions are perceived as disparate unless a leader can amass enough support for an idea that creates alignment And because the prime minister is typically the one proposing that idea Canadian foreign policy can be analyzed through the actions of these leaders **Statesmen Strategists and Diplomats** explores how prime ministers from Sir John A Macdonald to Justin Trudeau have shaped foreign policy by manipulating government structures adopting and rejecting options and imprinting their personalities on the process Contributors consider the impact of a wide range of policy decisions increasing or decreasing department budgets forming or ending alliances and pursuing trade relationships particularly as these choices affected the bureaucracies that deliver foreign policy diplomatically and militarily This innovative focus is destined to trigger a new appreciation for the formidable personal attention and acuity involved in a successful approach to external affairs
