Handbook of Research on Transdisciplinary Knowledge Generation Wang, Victor X., 2019-04-19 Traditional methods of viewing the world through the scientific method or instrumental knowledge do not adequately serve the needs of theory research and practice within an increasingly complex world. Through transdisciplinary theory the focus is on a new form of learning and problem solving involving cooperation among different parts of society to meet the complex challenges of society. The Handbook of Research on Transdisciplinary Knowledge Generation is a critical scholarly resource that examines mutual learning across disciplinary lines as a strategy by which to understand the world and apply practical knowledge. Featuring a wide array of topics such as linguistic diversity, medical education, and social constructivism, this book is essential for educational professionals, researchers, students, administrators, and academicians.

Leadership Kevin Roe, 2020 This accessible and comprehensive textbook is designed specifically to develop students' understanding of leadership in a variety of contexts. Assuming no prior executive experience, the book combines a wealth of diverse case studies with an engaging writing style to illustrate the practical application of leadership theory in the real world. Critical Perspectives on Gender and Student Leadership Daniel Tillapaugh, Paige Haber-Curran, 2017-05-18 How do students' social identities, particularly their gender, influence their leadership practices and development? Using Kimberl Crenshaw's concept of intersectionality as a framework, this volume discusses existing and emergent research on gender and leadership and offers key strategies and on how leadership educators can engage students in these topics and provide contemporary critical thinking on how gender and leadership inform one another. This volume examines the ways intersectionality can be used as a lens for gender and leadership, key considerations for developing and advancing leadership among women, men, and trans students, programs and experiences grounded in critical self-reflection and leadership learning among students of all genders, and opportunities for leadership educators to navigate topics of gender and leadership, emphasizing their own self-work and avenues for affecting positive change. Contributing scholars share examples that are developmentally appropriate for high school and college students. This work is designed with leadership educators in mind, emphasizing theory into practice and highlighting the ways that leadership and gender can promote holistic transformative learning for all students. The Jossey-Bass quarterly report series New Directions for Student Leadership explores leadership concepts and pedagogical topics of interest to high school and college leadership educators.
