Fixing It Young People Drugs And Disadvantage:

Fixing It? Margaret Melrose, 2000 Looking at drug taking from the perspective of young drug users this guide discusses why young people use drugs the patterns of their drug use and the meaning it has for them the link between drug use and disadvantage and the interventions which may prevent or limit the harm of their drug use **Working with Young**

Homeless People Phil Robinson, 2008-06-15 This accessible guide provides information and advice on how to understand the needs of these young people and how to ensure they are supported effectively It combines the latest research and practice to establish what works best when helping young homeless people and provides insights into their world through diary excerpts and interviews **Drugs: Policy And Politics** Higate, Paul, Hughes, Rhidian, Lart, Rachel, 2006-05-01 Set

within the context of current and recent policy and political response this study considers the way in which policy has been formulated and implemented with reference to a range of substantive and theoretical areas *A New Youth?* Elisabetta

Ruspini, 2016-03-16 *A New Youth* provides a cross cultural perspective on the challenges and problems posed by young people's transition to adulthood The authors address questions such as What are the experiences of being young in different European countries What can we learn about the differences of being young in non European countries Are young people developing new attitudes towards society What are the risks associated with the transition of youth to adulthood Can we identify new attitudes about citizenship On a more general level are there experiences and new social meanings associated with youth The volume is comparative between various European and non European countries in order to identify the emerging models of transition These characteristics are connected with broader social political and cultural changes changes related to extended education increasing women's participation in the labour market changing welfare regimes as well as changes in political regimes and in the representation and construction of individual identities and biographies towards an increasing individualization The work offers critical reflections in the realm of sociology of youth by providing broader understandings of the term youth The detailed analysis of new forms of marginality and social exclusion among young people offers valuable insight for policy development and political debate **Adolescent Reputations and Risk** Annemaree

Carroll, Stephen Houghton, Kevin Durkin, John A. Hattie, 2009-04-05 The news of teenagers and even younger children committing ever more serious and violent crimes continues to shock and baffle The escalating psychological and social toll of youth crime is being paid by all from victims to offenders to parents and siblings to teachers and to the community as a whole *Adolescent Reputations and Risk* looks beyond traditional theories to examine from a solid empirical basis the motivation and values that make some young people choose antisocial over positive behavior resulting in potent new insights and possible solutions to this ongoing problem Synthesizing 15 years of research with delinquent youth this volume describes the volatile dynamic of child and adolescent social worlds emphasizing reputation enhancement and goal setting as bases underlying deviant behavior In innovative and accessible terms *Adolescent Reputations and Risk* addresses delinquency throughout the

course of childhood and adolescence offers the first detailed explanation of delinquency by integrating goal setting and reputation enhancement theories provides evidence analyzing deviant trends in goal setting and reputation enhancement terms among primary and high school students answers key questions on topics such as impulsivity drug and inhalant use early childhood psychopathy links between ADHD and aggression and the psychology of loners and includes current data on interventions for at risk youth including family and school methods cognitive behavioral therapy wilderness and boot camp programs and interactive multimedia strategies This volume is an essential resource for clinical child school and counseling psychologists social workers and allied education and community mental health professionals and practitioners

Inventing Adulthoods Sheila Henderson, 2007 The series Youth Perspectives and Practice provides a distinctive and rare combination of expert commentary new research original theorising and critical reflection on how we should understand youth and work with young people These books deserve a wide readership the way they are written and organised will make them particularly appealing to students Professor Robert MacDonald University of Teesside *Inventing Adulthoods* offers a ground breaking new perspective on young peoples experiences of growing up at the turn of the 21st century arguing that a biographical approach is vital to understanding the holistic and dynamic character of their lives Based on a study of a diverse group of young people over a 10 year period the book explores high profile policy issues education employment drugs cultures of violence and well being It also considers the significance of those things that mean most to young people themselves mobility home belonging intimacy and social life The book is written in a lively and engaging style and through case studies and interviews examines the impact that social factors such as gender class sexuality religion disability and family have on life opportunities and connections between young people s lives social policy frameworks and practice applications *Inventing Adulthoods* is an invaluable resource to anyone interested in the lives of young people Thought provoking yet accessible this book is ideal for students in youth studies and education as it is for youth workers social workers and other practitioners *Inventing Adulthoods* is the set book for the Open University course Youth Perspectives and Practice KE308 Sheila Henderson is a Visiting Fellow at London South Bank University Janet Holland is Professor of Social Research and Co director of the Families and Social Capital ESRC Research Group at London South Bank University Sheena McGrellis is a Senior Research Fellow in the Families Group but is based at University of Ulster Sue Sharpe is a Visiting Fellow at London South Bank University Rachel Thomson is Professor of Social Research in the Faculty of Health and Social Care at The Open University

Education in Popular Culture Roy Fisher, Ann Harris, Christine Jarvis, 2008-05-06 *Education in Popular Culture* explores what makes schools colleges teachers and students an enduring focus for a wide range of contemporary media What is it about the school experience that makes us wish to relive it again and again The book provides an overview of education as it is represented in popular culture together with a framework through which educators can interpret these representations in relation to their own professional values and development The analyses are contextualised

within contemporary historical and ideological frameworks and make connections between popular representations and professional and political discourses about education Through its examination of film television popular lyrics and fiction this book tackles educational themes that recur in popular culture and demonstrates how they intersect with debates concerning teacher performance the curriculum and young people s behaviour and morality Chapters explore how experiences of education are both reflected and constructed in ways that sometimes reinforce official and professional educational perspectives and sometimes resist and oppose them Education in Popular Culture will stimulate critical reflection on the popular myths and professional discourses that surround teachers and teaching It will serve to deepen analyses of teaching and learning and their associated institutional and societal contexts in a creative and challenging way

Disconnected and Disadvantaged Youth United States. Congress. House. Committee on Ways and Means. Subcommittee on Income Security and Family Support,2008

Child Right ,2000 *What School Administrators Should Know about Vocational Education for Disadvantaged Youth in Urban Areas* Richard D. Boss,1971

Social Work with Disadvantaged and Marginalised People Jonathan Parker,Sara Ashencaen Crabtree,2017-10-30 Social workers whatever their specialism practise with people at the margins of society It is therefore essential that all social work students not only understand the powers and processes that lead to disadvantage and marginalisation but develop the knowledge and skills needed to bring about change and uphold social justice in all aspects of their professional practice Split into three parts this book considers what is meant by disadvantage and marginalisation how this can come about and the impact this may have on lives before unpicking the key knowledge and skills needed to practice effectively with individuals and groups It then goes on to show what good ethical and reflective practice looks like going step by step through the ins and outs of using the law and policy to bring about change before considering key ethical dilemmas in practice

Trauma and Repair Annie Stopford,2020-08-26 Trauma and Repair Confronting segregation and violence in America is an interview based interdisciplinary exploration of complex trauma in low income communities and neighborhoods in Baltimore Maryland Oakland California New Orleans Louisiana and Elaine Arkansas Moving fluidly between the respondents life narratives and clinical and academic perspectives on trauma and inequality Stopford depicts multidimensional and intergenerational trauma including prolonged economic injustice and repeated exposure to community violence Written in an accessible and engaging style that draws on insights from sociology public health history legal studies and clinical psychoanalysis this original study is a vital addition to the literature on inequality and poverty in the United States

Effective Counselling with Young People Hazel Reid,Jane Westergaard,2011-05-20 This book examines key theoretical counselling perspectives and applies these specifically to work with young people It establishes how to build counselling relationships in order to support young people and enable them to achieve positive outcomes and to manage their lives effectively It also identifies the key counselling skills needed to engage in purposeful helping conversations There are sections on understanding adolescent development exploring person centred

principles and understanding and using motivational interviewing all of which help to blend academic theory with the realities of practice *Anchors in Floating Lives* Margaret Melrose, David Barrett, 2004 Taking account of the commercial sexual exploitation of children and young people male or female up to age 18 and the selling or swapping of sexual favours for some form of reward as well as the production sale marketing and possession of pornographic material involving children the distribution of pornographic pictures of children over the internet and trafficking in children this book addresses how these commercial practices have come about how young people become involved what subsequently ensnares them what needs to be done in practice in order to respond effectively to the young people s needs what we have learned about what should not be done BOOK JACKET **The Fix** Michael Massing, 2000 Massing confronts the failure of the war on drugs and documents the much greater potential for reclaiming drug addicts that can be had by treatment and support rather than criminalization and at a lower cost than building ever more prisons and militarizing drug source countries in Latin America

Working with Children, Young People and Families Graham Brotherton, Helen Davies, Gillian McGillivray, 2010-10-15 Written from a unique interprofessional perspective this book is an essential introduction to working with children young people and families It covers policy practice and theory exploring key themes and developments including poverty and disadvantage ethical practice child development education child protection children and young people s rights doing research The book introduces students to a range of theoretical perspectives links the key themes to the existing and emerging policy and practice context and supports students in engaging with and evaluating the central debates With case studies reflective questions and sources of further reading this is an ideal text for students taking courses in childhood studies working with children young people and families interprofessional children s services early years youth work and social work Manpower , 1975 *Young People in Risk Society: The Restructuring of Youth Identities and Transitions in Late Modernity* Mark Cieslik, Gary Pollock, 2017-11-22 This title was first published in 2002 Loosely divided into two sections this book s first part includes chapters which explore young people s identities and youth cultures in relation to issues such as drug use education and dance music In various ways the authors examine whether there is a need to rethink the existing theories and concepts which have informed the study of youth cultures and identities The second part to the volume is concerned with how young people experience transitions in relation to such topics as employment sexuality and household formation The chapters also raise theoretical questions on the usefulness of the transition concept in late modernity illustrating how the reshaping of key institutions in late modernity has had a profound effect on the sorts of transitions young people make today In addressing such issues the authors examine the potential contribution that concepts around risk and risk society and new Third Way social policy initiatives can have to contemporary youth studies **The Neuroscience of Intelligence** Richard J. Haier, 2016-12-28 This book introduces new and provocative neuroscience research that advances our understanding of intelligence and the brain Compelling evidence shows that genetics plays a more important role than

environment as intelligence develops from childhood and that intelligence test scores correspond strongly to specific features of the brain assessed with neuroimaging In understandable language Richard J Haier explains cutting edge techniques based on genetics DNA and imaging of brain connectivity and function He dispels common misconceptions such as the belief that IQ tests are biased or meaningless and debunks simple interventions alleged to increase intelligence Readers will learn about the real possibility of dramatically enhancing intelligence based on neuroscience findings and the positive implications this could have for education and social policy The text also explores potential controversies surrounding neuro poverty neuro socioeconomic status and the morality of enhancing intelligence for everyone Online resources including additional visuals animations questions and links reinforce the material *Hearing on Federally Funded Youth Programs and Local Initiatives* United States. Congress. House. Committee on Economic and Educational Opportunities. Subcommittee on Early Childhood, Youth, and Families, 1996
