The Passion of Music and Dance William Washabaugh, 2020-09-02 The late nineteenth century witnessed the birth and popularization of a number of highly emotional musical styles that played on the eagerness of modern Europeans and Americans to toy with the limits of sanity and to taste the ecstasies of living on the edge This absorbing book explores these popular passionate musical styles which include flamenco tango and rebetika and points out that they arose as well intentioned intellectuals co-opted the emotional experiences most closely associated with women In drawing those experiences out of female practice they defined objectified and turned them into strategies of domination the deepest impact of which was felt ironically by modern women In bridging anthropology sociology cultural media body and gender studies this book broadens the base of theory which has ignored the transnational world of Latin and Mediterranean popular culture and makes a powerful statement about the intersection of nationalism sexuality identity and authenticity

The Oxford Handbook of Dance and Competition Sherril Dodds, 2019 This Handbook asks how competition affects the presentation and experience of dance

Transnational Flamenco Tenley Martin, 2020-01-20 This book provides insight into how flamenco travels the forms it assumes in new locales and the reciprocal effects on the original scene Utilising a postnational approach to cultural identity Martin explores the role of non native culture brokers in cultural transmission This concept referred to as cosmopolitan human hubs builds on Kiwan and Meinhof's hubs theory of network migration to move cultural migration and globalisation studies forwards Martin outlines a post globalisation flamenco culture through analysis of ethnographic research carried out in the UK Sevilla and Madrid Insight into these global scenes characterises flamenco as a historically globalized art complex represented in various hubs around the world This alternative approach to music migration and globalisation studies will be of interest to students and scholars across leisure studies musicology sociology and anthropology
