Flann O'Brien At War Myles na Gopaleen 1940-45:

Flann O'Brien at War Flann O'Brien, John Wyse Jackson, 1999 For the first time this collection of wartime columns treats Myles and his hectoring associates as the fictional characters Flann O'Brien intended them to be Tracking the shocking disintegration of this bright young writer philosopher and social commentator the author chronicles Myles na Gopaleen's steady decline as his sparkling wit darkens in an alcoholic tragedy of the mind **At War** Flann O'Brien, 2003 Like *The Best of Myles* and *Further Cuttings from Cruiskeen Lawn* both available from Dalkey Archive Press *At War* is a collection of Flann O'Brien's columns written for the *Irish Times* under the pseudonym Myles na Gopaleen Taken from the war years of 1940-45 these writings provide plenty of acerbic wit and persistent prodding of the good people of Ireland And in typical O'Brien fashion no one is safe from his opinionated attacks His oftentimes hysterical musings include discussions of theater what it means to be Irish ideas for alternative pubs and liquors advice for children and ways to improve the home

Flann O'Brien and the European Avant-Garde, 1934-45 Tobias William Harris, 2025-01-23 Crossing the boundaries of a single author study this book uncovers Flann O'Brien's attempt to forge a commercially successful Irish literary project from international avant-garde influences Situating O'Brien's early work within a global context the book uses new evidence of his collaborations to reimagine him as a networked writer O'Brien drew upon experimental techniques to generate new categories of writing rethink Irish culture and reach a wide audience This study illuminates a network of cultural production around O'Brien linking his work to English comic magazines Dadaist photomontage Expressionism Central European theatre and renowned writers like Jorge Luis Borges and Franz Kafka By re-examining Flann O'Brien within the context of the momentous global political and cultural crises that spurred avant-garde experimentation the book also rewrites the cultural history of Ireland in the 1930s and 1940s **The Oxford Encyclopedia of British Literature** David Scott

Kastan, 2006-03-03 From folk ballads to film scripts this new five-volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the *Encyclopedia of British Literature* includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to *The Oxford Encyclopedia of American Literature* this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1 *The absurd in literature* Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharms Franz Kafka Samuel Beckett and Flann O'Brien *The absurd in literature*

will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader

Flann O'Brien Joseph Brooker, 2005 This new study assesses the whole span of O'Brien's achievement including his early forays into public satire and his fabrication of authorial identities

An Irish Literature Reader Maureen O'Rourke Murphy, James MacKillop, 2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course friendly alternative to the Field Day anthology editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature including Old Irish epic and lyric poetry Irish folksongs and drama For each author the editors provide a biographical sketch a brief discussion of how his or her selections relate to a larger body of work and a selected bibliography In addition this new volume includes a larger sampling of women writers

Classics and Irish Politics, 1916-2016 Isabelle Torrance, Donncha O'Rourke, 2020-10-28 This collection addresses how models from ancient Greece and Rome have permeated Irish political discourse in the century since 1916 The 1916 Easter Rising when Irish nationalists rose up against British imperial forces became almost instantly mythologized in Irish political memory as a turning point in the nation's history that paved the way for Irish independence Its centenary has provided a natural point for reflection on Irish politics and this volume highlights an unexplored element in Irish political discourse namely its frequent reliance on reference to and tensions with classical Greek and Roman models Topics covered include the reception and rejection of classical culture in Ireland the politics of Irish language engagement with Greek and Roman models the intersection of Irish literature with scholarship in Classics and Celtic Studies the use of classical referents to articulate political inequalities across gender sexual and class hierarchies meditations on the Northern Irish conflict through classical literature and the political implications of neoclassical material culture in Irish society As the only country colonized by Britain with a pre-existing indigenous heritage of expertise in classical languages and literature postcolonial Ireland represents a unique case in the field of classical reception This book opens a window on a rich and varied dialogue between significant figures in Irish cultural history and the Greek and Roman sources that have inspired them a dialogue that is firmly rooted in Ireland's historical past and continues to be ever evolving

Kallen, 2013-11-27 This volume continues the Dialects of English series and complements Irish English volume 1 Northern Ireland by Karen Corrigan Focusing on Irish English in the Republic of Ireland the book starts by exploring the often oppositional roles of national language development and globalisation in shaping Irish English from the earliest known times to the present Three chapters on the lexicon and discourse syntax and phonology focus on traditional dialect but also refer to colloquial and vernacular Irish English the use of dialect in literature and the modern standard language especially as found
