Flashman on the March George MacDonald Fraser, 2006-11-14 It's 1868 and Sir Harry Flashman V.C., arch cad, amorist, cold-headed soldier and reluctant hero is back. Fleeing a chain of vengeful pursuers that includes Mexican bandits, the French Foreign Legion and the relatives of an infatuated Austrian beauty, Flashy is desperate for somewhere to take cover. So desperate in fact that he embarks on a perilous secret intelligence gathering mission to help free a group of Britons being held captive by a tyrannical Abyssinian king. Along the way of course are nightmare castles, brigands, massacres, rebellions, orgies and the loveliest and most lethal women in Africa, all of which will test the limits of the great boulder's talents for knavery, amorous intrigue and survival. *Flashman on the March*, the twelfth book in George MacDonald Fraser's ever beloved, always scandalous *Flashman Papers* series, is *Flashman* and Fraser at their best. *Flashman's Lady* George MacDonald Fraser, 2013-05-07 What is Flashy doing in the drawing room of a great English mansion with the red-hot blooded mistress of a violently jealous blue blood in between a pair of Chinese beauties who are willing to do anything and everything to close the gap between East and West in the hold of a warship under fire with a Malay maiden as explosive as the shells bursting above in the forced service of an African queen who lets a lover stay alive only as long as his power to please holds up. This unblushing cad, this lustful libertine, this infamous and irresistible antihero is clearing, doing better than ever in a round the world adventure that would make Queen Victoria pale with shock and swingers of today green with envy. **Men At War:**

What Fiction Tells us About Conflict, From The Iliad to Catch-22 Christopher Coker, 2014-05-01 Since Achilles first stormed into our imagination, literature has introduced its readers to truly unforgettable martial characters. In *Men at War*, Christopher Coker discusses some of the most famous of these fictional creations and their impact on our understanding of war and masculinity. Grouped into five archetypes: warriors, heroes, villains, survivors and victims, these characters range across 3000 years of history through epic poems, the modern novel and one of the twentieth century's most famous film scripts. Great authors like Homer and Tolstoy show us aspects of reality invisible except through a literary lens, while fictional characters such as Achilles and Falstaff, Robert Jordan and Jack Aubrey are not just larger than life, they are life's largeness, and this is why we seek them out. Although the Greeks knew that the lovers, wives and mothers of soldiers are the chief victims of battle, for the combatants war is a masculine pursuit. Each of Coker's chapters explores what fiction tells us about war's appeal to young men and the way it makes and breaks them. The existential appeal of war too is perhaps best conveyed in fictional accounts and these too are scrutinized by the author. **Puffin Good Reading Guide for Children** Ruskin Bond, 2006-05 A comprehensive guide to fiction in English for readers aged four to sixteen. Britain and the Narration of Travel in the Nineteenth Century Kate Hill, 2017-05-15 Interrogating the multiple ways in which travel was narrated and mediated by and in response to nineteenth century British travelers this interdisciplinary collection examines to what extent these accounts drew on and developed existing tropes of travel The three sections take up personal and intimate narratives that were not necessarily designed for public consumption tales intended for a popular audience and accounts that were more clearly linked with discourses and institutions of power such as imperial processes of conquest and governance Some narratives focus on the things the travelers carried such as souvenirs from the battlefields of Britain's imperial wars while others show the complexity of Victorian dreams of the exotic Still others offer a disapproving glimpse of Victorian mores through the eyes of indigenous peoples in contrast to the imperialist vision of British explorers Swiss hotel registers guest books and guidebooks offer insights into the history of tourism while new photographic technologies the development of the telegraph system and train travel transformed the visual audial and even the conjugal experience of travel The contributors attend to issues of gender and ethnicity in essays on women travelers South African travel narratives and accounts of China during the Opium Wars and analyze the influence of fictional travel narratives Taken together these essays show how these multiple narratives circulated cross fertilised and reacted to one another to produce new narratives new objects and new modes of travel **Buddhist and Christian Responses to the Kowtow Problem in**
