Journal of the Royal Society of New Zealand ,1986-06 *The Rockpool Fishes of New Zealand* C. D. Paulin, Clive Roberts, 1992 Comprehensive guidebook of the most accessible fishes of New Zealand fishes of the rocky shore Provides detailed information on identification and distribution and a summary of the life history and biology of all intertidal fish species *New Zealand Freshwater Fishes* R.M. McDowall, 2010-07-27 In many ways this book is the culmination of more than four decades of my exploration of the taxonomy biogeography and ecology of New Zealand's quite small freshwater fish fauna I began this firstly as a fisheries ecologist with the New Zealand Marine Department then responsible for the nation's fisheries research and management and then with my PhD at the Museum of Comparative Zoology at Harvard University Cambridge MA USA in the early mid 1960s Since then employed by a series of agencies that have successively been assigned a role in fisheries research in New Zealand I have been able to explore very widely the natural history of that fauna Studies of the fishes of other warm to cold temperate southern lands have followed particularly southern Australia New Caledonia Patagonian South America the Falkland Islands and South Africa and in many ways have provided the rather broader context within which the New Zealand fauna is embedded in terms of geography phylogeny and evolutionary history and knowing this context makes the patterns within New Zealand all the clearer An additional stream in these studies in substantial measure driven by the behavioural ecology of these fishes round the Southern Hemisphere has been exploration of the role of diadromy regular migrations between marine and freshwater biomes in fisheries ecology and biogeography and eventually of diadromous fishes worldwide **Journal of the Royal Society of New Zealand** ,1989-09 **Shore Fishes of Easter Island** John E. Randall, Alfredo Cea, 2011-08-31 Easter Island Rapanui is the most remote inhabited island in the Pacific Ocean and the easternmost in Oceania Much has been written on the origin of its first inhabitants and the enormous stone statues they carved and erected but little exists on the island's biota Knowing that very few species of fishes had been reported for Easter Island John Randall went there in 1969 with the support of the National Geographic Society to study the fish fauna He was joined during revisits in 1988 and 1989 by the island's medical doctor Alfredo Cea They published the Rapanui names of fishes in 1984 The total number of Easter Island shore fishes to a depth of 200 meters is only 139 species However an astounding 21.7 percent are known only from the island second only to the Hawaiian Islands in the percentage of endemic fishes Forty four new species of fishes have been described of which 25 are in scientific papers by Randall or by Randall and coauthors Shore Fishes of Easter Island puts all of these fishes in one beautifully illustrated book with introductory chapters Historical Review Zoogeography Marine Conservation Materials and Methods **New Zealand Journal of Zoology** ,1981 *Journal of the Royal Society of New Zealand* ,1989-12 *Fishes of the New Zealand Region* Wade Doak, 1978 *Journal of the Royal Society of New Zealand* , *Journal of the Royal Society of New Zealand* , **Journal of the Royal Society of New Zealand** ,1982-06 **Journal of the Royal Society of New Zealand** , New

Zealand Fishes L. J. Paul, 1986 Fully illustrated guide to more than 300 of the fish and shellfish species most commonly found around the shores of New Zealand Journal of the Royal Society of New Zealand ,1987-03 *New Zealand Journal of Zoology* ,1979-09-24 **Journal of the Royal Society of New Zealand** ,1989-09 **Journal of the Royal Society of New Zealand** ,1987-03 **Journal of the Royal Society of New Zealand** ,1982-06 **Journal of the Royal Society of New Zealand** ,1989-09 **The New Zealand Journal of Science and Technology** ,1926 Volumes 33 38 Section B include 1949 1955 of New Zealand geological abstracts published by the New Zealand Geological Survey
