[The Original Grimm KHM 1812](#) Oliver Loo, 2014-08-11. The Grimms' Tales as you have never experienced them before: complete, accurate, and authentic exactly as the Grimms wrote them 200 years ago. A completely new cover to cover translation with extensive notes and commentary for the 200th anniversary, translated in a new style that preserves the original texts in a way that has never been done before. There are 34 stories in the original 1812 edition that never appear in any of the later editions. In the 1812 first edition of the tales, the Grimms also included an extensive 60-page appendix which discussed the oral and literary sources of the tales and often times one or more other versions of the stories. The 1812 appendix was never published in any English versions, so the 60 new stories and fragments found therein have been almost entirely unknown to English readers for last 200 years. The appendix is a lost gem and arguably as important as the stories themselves.
