Technologies of the Self-Portrait Gabriella Giannachi,2022-07-29 This book demonstrates how artists have radically revisited the genre of the self portrait by using a range of technologies and media that mark different phases in what can be described as a history of self or selves production Gabriella Giannachi shows how artists constructed their presence subjectivity and personhood by using a range of technologies and media including mirrors photography sculpture video virtual reality and social media to produce an increasingly fluid multiple and social representation of their self This interdisciplinary book draws from art history performance studies visual culture new media theory philosophy computer science and neuroscience to offer a radical new reading of the genre Autobiography James Olney,2014-07-14 Professor Olney gathers together in this book some of the best and most important writings on autobiography produced in the past two decades Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Encyclopedia of Comparative Iconography* Helene E. Roberts,2013-09-05 First published in 1998 The Encyclopedia of Comparative Iconography compares the uses of iconographic themes from mythology the Bible and other sacred texts literature and popular culture in works of art through various periods cultures and genres Art historians now tend to study narrative themes depicted in works of art in relation to such subjects as gender and sexuality politics and power ownership and possession ceremony and ritual legitimacy and authority The Encyclopedia of Comparative Iconography reflects these new approaches by ordering the themes of various iconographic sources in particular biblical mythological and literary texts according to these new emphases Each handsomely illustrated entry discusses the major relevant iconographic narratives and the historical background of each theme A list of selected works of art that accompanies each essay guides the reader to examples in art that depict the theme under

discussion Each essay includes a list of suggested reading that provides further sources of information about the themes A general bibliography of reference books is listed separately and can be used in association with all the essays With 119 entries written by 42 experts the Encyclopedia of Comparative Iconography is an important reference work for art historians students of art history artists and the general reader **From the Perspective of the Self** Craig Brush,1994 Brush s critical study of the Essays examines the complex process of writing a self portrait showing the ways in which it is an entirely different enterprise from writing autobiography The author discusses how Montaigne revealed his mind in motion and the most remarkable feature of that mind skepticism He treats Montaigne s development of a conversational voice and explicates how Montaigne s intense self examination became an evolutionary process which had consequences in his life and literature

Renaissance Self-portraiture Joanna Woods-Marsden,1998-01-01 An exploration of the genesis and early development of the genre of self portraiture in Italy in the 15th and 16th centuries The author examines a series of self portraits in Renaissance Italy arguing that they represented the aspirations of their creators to change their social standing

"Propalladia" and Other Works of Bartolome de Torres Naharro, Volume 4 Joseph E. Gillet,2016-11-11 In this fourth volume of Joseph E Gillet s monumental study Propalladia and Other Works of Bartolom De Torres Naharro all students of Renaissance drama will find a wealth of material on the origins of the modern European theater Torres Naharro created the cloak and sword play almost a century before Lope de Vega The common places of romantic comedy appeared for the first time on any stage in his Comedia Ymeneia published at Naples in 1517 Two of his works the Soldadesca and the Tinellaria evocations of the roistering life of the barracks and of a cardinal s scullery are remarkable examples of dramatic realism avant la lettre The influence of Torres Naharro and his work on the Spanish drama of the sixteenth century was all pervasive In this volume all the material gleaned by Dr Gillet in extensive research is brought into clear focus to show Torres Naharro as a man of the Renaissance and a man of the theater Of the greatest interest is the exposition of his intuition of the distinction between poetic and historic truth comedias a fantasia and a noticia long before the recovery of the true text of Aristotle s Poetics and of the substratum of primitivism in many of his plays ritual societies the medicine man the right to tribute social discipline name changing loss of memory sports games acrobatics sorcery riddles genealogies weddings propitiation and death song resuscitation license and chastity and so on And this dramatic activity occurred early antedating most of the Italian plays of the sixteenth century Cultures of Forgery Judith Ryan,Alfred Thomas,2013-05-13 In Cultures of Forgery leading literary studies and cultural studies scholars examine the double meaning of the word forge to create or to form on the one hand and to make falsely on the other Growing Old in Early Modern Europe ErinJ. Campbell,2017-09-29 The goal of the twelve essays in this volume contributed by scholars in the fields of history literature art history and medicine is to enrich our understanding of cultural discourses on ageing in early modern Europe While a number of books examine old age in other eras and a few touch on the early modern period this is the first to focus explicitly on representations of ageing

in Europe from 1350 1700 These studies invite the reader to take a closer look at images of ageing they show that representations are embedded in specific communities life situations and structures of power As well the book explores how representations of old age function in various and often surprising ways as repositories of socio cultural anxieties as strategies of self fashioning and as instruments of ideology capable of disciplining the body and the body politic Since this book is about how old age as a cultural category was produced and maintained through representation the essays in this volume are organised thematically across geographic disciplinary and media boundaries to foreground the politics and poetics of representational strategies The contributors to this collection show that our understanding not only of ageing but also of power subjectivity gender sexuality and the body is enriched by the study of cultural representations of old age Through sensitive and sophisticated readings of a wide range of sources these papers collectively demonstrate the formative influence and generative force of images of old age within early modern European culture

The Rise and Fall of Modern Japanese Literature John Whittier Treat, 2018-04-03 The Rise and Fall of Modern Japanese Literature tells the story of Japanese literature from its start in the 1870s against the backdrop of a rapidly coalescing modern nation to the present John Whittier Treat takes up both canonical and forgotten works the non literary as well as the literary and pays special attention to the Japanese state s hand in shaping literature throughout the country s nineteenth century industrialization a half century of empire and war its post 1945 reconstruction and the challenges of the twenty first century to modern nationhood Beginning with journalistic accounts of female criminals in the aftermath of the Meiji civil war Treat moves on to explore how woman novelist Higuchi Ichiyo s stories engaged with modern liberal economics sex work and marriage credits Natsume Soseki s satire I Am a Cat with the triumph of print over orality in the early twentieth century and links narcissism in the visual arts with that of the Japanese I novel on the eve of the country s turn to militarism in the 1930s From imperialism to Americanization and the new media of television and manga from boogie woogie music to Yoshimoto Banana and Murakami Haruki Treat traces the stories Japanese audiences expected literature to tell and those they did not The book concludes with a classic of Japanese science fiction a description of present day crises writers face in a Japan hobbled by a changing economy and unprecedented natural and manmade catastrophes The Rise and Fall of Japanese Literature reinterprets the end of literature a phrase heard often in Japan as a clarion call to understand how literary culture worldwide now teeters on a historic precipice one at which Japan s writers may have arrived just a moment before the rest of us
