Five Way Secret Agent Mercenary From Tomorrow:

The Five Way Secret Agent and Mercenary from Tomorrow Mack Reynolds, 1969 The Five-Way Secret Agent Mack Reynolds, 2011-09-29 The world situation has become so confused that a young American living on Negative Income Tax finds himself drafted into an international espionage assignment by no less than 5 opposing interests It is a story of humour and adventure that will be hard to forget Mercenary from Tomorrow Mack Reynolds, 2020-01-23 Western society is split up into nine castes from Lower Lower to Mid Lower all the way up to the privileged Upper Upper Mauser himself was born a Mid Lower Ambitious he had chosen one of the few professions Category Military where upward mobility was still a reasonable possibility To prevent any chance of a ruinous war between the West and the Sov world the Universal Disarmament Pact had restricted all militaries to pre 1900 technology Gradually powerful corporations began settling business disputes by hiring troops to fight real battles fracas on one of many military reservations This served a dual purpose to maintain a military well honed by actual combat and to provide the decadent general population with a diversion The life and death struggles are so popular that they are televised Mauser had worked his way up to captain and Middle Middle status after many years of effort When upstart Vacuum Tube Transport finds itself forced into an expensive division sized fracas with Continental Hovercraft he sees his opportunity He signs up with the underdog even though the much wealthier Continental is able to hire the best soldiers available including Marshal Stonewall Cogswell the finest commander in the business Mauser tells Baron Haer the head of Vacuum Tube that he can engineer an improbable victory with a gimmick he has been working on for a long time in return he expects the baron s support which in conjunction with his anticipated popularity with fracas fans should be enough to get him promoted into the Upper caste The baron s son Bart scoffs at the undisclosed idea but the baron is desperate for experienced officers and hires him **After Some Tomorrow** Mack Reynolds, 2011-09-29 POWER Perhaps the rarest gift in the world is that ability to read the future to know what will happen to a person a group even a country and when it will happen EXTRASENSORY PERCEPTION The year is some indeterminate time in the future Mickey Grant and Anna Enesco are involved in special studies for people who have shown extraordinary ESP talent Their progress is as frightening as it is incredible But when our government sends them on missions that become increasingly dangerous and difficult are their lives the price of their special pre knowledge Encyclopedia of Science Fiction Don D'Amassa, 2015-04-22 Presents articles on the science fiction genre of literature including authors themes significant works and awards Dawnman Planet Mack Reynolds, 2012-12-14 Ron Bronston was sworn to protect the United Planets dream the pursuit of freedom and progress on all of the 3000 human inhabited planets of the galaxy As an operative of the secret section of the United Planets Bureau of Investigation Bronston was called upon for some very unusual missions But the present crisis was without precedent Man s sovereignty in his galaxy was challenged by a single madman and the super weapons of the Dawnmen the mysterious aliens from the unexplored vastness of the galaxy s center Bronston

alone had to find a way to stop them **Day After Tomorrow** Mack Reynolds,2011-09-29 The time is the future The government is a corrupt and inefficient bureaucracy mainly concerned with protecting the profits of large corporations The Movement is a new and non violent revolutionary group seeking to replace the political mess with a just and scientifically efficient socioeconomic system The Movement was staffed by some of the world s greatest intellectuals and scientists unfortunately they were amateurs in the business of revolution The government could call on an army of ruthless professional agents and they had no scruples about using violence **Computer War** Mack Reynolds,2019-10-24 The odds were right for victory The problem with computer warfare is that the computer is always logical while the human enemy is not or doesn t have to be And that s what the Betastani enemy were doing nothing that the Alphaland computers said they would Those treacherous foemen were avoiding logic and using such unheard of devices as surprise and sabotage treason and trickery They even had Alphaland s Deputy of Information believing Betastani propaganda without even realizing it Of course he still thought he was being loyal to Alphaland because he thought that one and one must logically add up to two And that kind of thinking could make him the biggest traitor of them all **Rolltown** Mack Reynolds,2017-03-29 In Rolltown Mack Reynolds turns his productive imagination towards the growing phenomenon of mobile living in America Taking us decades into the future he tells the story of a world where people have taken to the road en masse in huge mobile towns composed of hundreds or even thousands of inhabitants attempting to deal with a hostile and over organized world **The Cosmic Eye** Mack Reynolds,2020-01-23 Morris should have functioned perfectly in the rigid totalitarian society of the future where every thought every word every action was controlled by the superstate A state where everyone was watched night and day by the Great Eye of the internal security forces It was a strange in many ways inhuman world but the rewards were great for those who belonged to the right caste Morris belonged to the master class which ruled the entire world by brain power or brutality depending on which was needed Morris was born right at the top he had everything the Technate Society could provide and yet he didn t belong Nonconformity could mean liquidation but he was prepared to take the risk *Nature & Science on the Pacific Coast* ,1915 **Tomorrow Might Be Different** Mack Reynolds,2011-09-29 What would the world be like if the Russians discovered how to beat us at our own capitalistic game and began dumping inexpensive quality goods on the world market In this brand new novel Mack Reynolds deposits us into just such a future It is a world where America is rapidly being turned into a second rate power as its industries go bankrupt A world that is falling under the wheels of the Soviet juggernaut peacefully and passively It is a world where the U S has only one way to retaliate by bringing a little religion into the Soviet Union a very special religion After Utopia Mack Reynolds,2011-09-29 It is the far future Earth is beautifully planned efficiently run and happily united It is the world that dreamers have envisioned since the beginning of time no slums no crime no poverty no disease no shortages But still it is a world with problems people have become so lazy so self satisfied that human progress has all but ceased To make matters worse addicts of the newly developed programmed dreams are

increasing at an enormous rate Only a few individuals understand the far reaching consequences of these problems only a few realize that the human race is destroying itself Galactic Medal of Honour Mack Reynolds,2011-09-29 It was the highest and most coveted award of all time It was given only to the bravest among those defending Earth from the mysterious Kradens Many had sacrificed their lives for it The current bearer of the medal became the idol of all mankind a man above the law a man who would never want for anything Everyone on Earth sought that medal One man was going to cheat to win it and live to regret it **Perchance to Dream** Mack Reynolds,2011-09-29 It looked remarkably like a sterile cold metallic coffin It was the Intuitive Computer a fantastic invention that would allow a user to assume the identity of any historical figure Napoleon Cleopatra Hitler anyone who ever existed The possessor of this top secret device would be able to witness the building of the pyramids the crucifixion the discovery of America The Intuitive Computer would revolutionise the studies of history archaeology anthropology it would eventually revolutionise the entire entertainment and leisure industry The lives of every person on Earth would be changed because of it IT WAS PROBABLY THE MOST DANGEROUS INVENTION IN THE HISTORY OF THE HUMAN RACE **Planetary Agent X** Mack Reynolds,2011-09-29 Newly accepted as a Special Agent of the star spanning United Planets organization Ronny Bronston found that his first assignment was one which had taken the lives of dozens of agents before him he was to track down a man named Tommy Paine We ve been trying to catch him for twenty years said Ronny s section chief How long before that he was active we have no way of knowing It was some time before we became aware that half the revolts coups d tats and assassinations that occur in the United Planets have his dirty finger stirring around in them But what motivates him Ronny asked What s he get out of all the war and killing he stirs up Nobody seems to know But the best guess is that he s insane a homicidal maniac on an intergalactic scale He s dangerous Ronny and you ve got to get him *Time Gladiator* Mack Reynolds,2023-07-13 The political situation in the 21st century was coming to the boil one man a scientist held what might be the important key to ultimate power in the struggle between the three blocs West world Sov world and Common Europe The scientist Auguste Bazaine disappears and each bloc accuses the other of kidnapping There was only one way to settle the difference So nine men were chosen to fight to the death in a trial by combat organised by the World Court The winner will put his country on top But when an American and a Russian meet face to face the result is not what was expected The Rival Rigelians Mack Reynolds,2011-09-29 The team from Earth had the task of raising backward planets to the home world s high level The situation on Rigel was this The most advanced culture on Rigel s first planet is to be compared to the Italian cities during Europe s feudalistic yeas The most advanced of the second planet is comparable to the Aztecs at the time of the Spanish conquest These planets are in your control to the extent that no small group has ever dominated millions before No Caesar ever exerted the power that will be in your collective hands For half a century you will be as gods and goddesses But the Rigelians were themselves descended from the lost colonists of old Earth and they could learn their lessons as fast as they could be taught In fact they could even teach their

teachers a thing or two And therein lay the peril the professors from space never dreamed of *Trample an Empire Down*
Mack Reynolds, 2012-12-14 UTOPIA WAS NO FUN They had a Guaranteed Annual Income and an automated world where no
one had to work but there was nothing to do When Morris and his friends ran out of beer there was only one alternative they
decided to overthrow the government **Voices for the Future** Thomas D. Clareson, 1979 Essays on major science fiction
