The Death and Resurrection of Capital Punishment in America Evan J. Mandery,2013-08-19 New York Times Book Review Editor s Choice Drawing on never before published original source detail the epic story of two of the most consequential and largely forgotten moments in Supreme Court history For two hundred years the constitutionality of capital punishment had been axiomatic But in 1962 Justice Arthur Goldberg and his clerk Alan Dershowitz dared to suggest otherwise launching an underfunded band of civil rights attorneys on a quixotic crusade In 1972 in a most unlikely victory the Supreme Court struck down Georgia s death penalty law in Furman v Georgia Though the decision had sharply divided the justices nearly everyone including the justices themselves believed Furman would mean the end of executions in America Instead states responded with a swift and decisive showing of support for capital punishment As anxiety about crime rose and public approval of the Supreme Court declined the stage was set in 1976 for Gregg v Georgia in which the Court dramatically reversed direction A Wild Justice is an extraordinary behind the scenes look at the Court the justices and the political complexities of one of the most racially charged and morally vexing issues of our time Russian Flashlights

Ogletree,Austin Sarat,2006-05 Situates the linkage between race and the death penalty in the history of the U S Since 1976 over forty percent of prisoners executed in American jails have been African American or Hispanic This trend shows little evidence of diminishing and follows a larger pattern of the violent criminalization of African American populations that has marked the country s history of punishment In a bold attempt to tackle the looming question of how and why the connection between race and the death penalty has been so strong throughout American history Ogletree and Sarat headline an interdisciplinary cast of experts in reflecting on this disturbing issue Insightful original essays approach the topic from legal historical cultural and social science perspectives to show the ways that the death penalty is racialized the places in the death penalty process where race makes a difference and the ways that meanings of race in the United States are constructed in and through our practices of capital punishment From Lynch Mobs to the Killing State not only uncovers the ways that race influences capital punishment but also attempts to situate the linkage between race and the death penalty in the history of this country in particular the history of lynching In its probing examination of how and why the connection between race and the death penalty has been so strong throughout American history this book forces us to consider how the death penalty gives meaning to race as well as why the racialization of the death penalty is uniquely American
