**Selected Essays on Enchantress from the Stars and More** Sylvia Engdahl, 2024-05-22 The lead essay in this collection by the author of Newbery honor book *Enchantress from the Stars* deals with issues that she wants readers of the novel to be aware of Too often misinterpretations arise when the story is thought to be an allegory about relations between different cultures of our own world when it is literally about possible relations between different human species of other worlds that have evolved for vastly different lengths of time The two situations are not comparable and assuming that they are leads some readers to think the book endorses a view of cultural relations that was rejected by anthropologists long ago Though much in the story does apply to relationships between individual people of our world as far as culture is concerned its aim is to counter the all too common science fiction view of extraterrestrial aliens either as hostile or as benevolent beings who will step in to solve Earth's problems Whether or not there really are any aliens how young people think of them affects how they feel about the future of humankind The rest of the essays in this book are about the author's other Young Adult novels and about subjects relevant to them such as the importance of space exploration and the reality of psi powers They have been selected from her collections *Reflections on Enchantress from the Stars* and *Other Essays the Future of Being Human and Other Essays and From This Green Earth* Essays on Looking Outward two of which are available only as ebooks Because of their length these collections cannot be issued as paperbacks at reasonable prices so this short sampler has been produced for the benefit of readers who have a strong preference for print books and or audiobook The following essays are included *Reflections on Enchantress from the Stars* *Perspective on the Future* *The Quest of Space Age Young People* *Faith as the Focus of Children of the Star* *Update on the Critical Stage* *The Far Side of Evil's Relevance Today* *A Response to Some Reactions to Journey Between Worlds* *Breaking Out from Earth's Shell* *The Role of Psi in Human Affairs* *The Roots of Disbelief in Human Mind Powers* *Transhumanism Is a Dead End* *The Worship of Medical Authority* *Why I Don't Read Much Science Fiction*
