

The background is a stylized illustration in shades of blue. It features a large, dark blue arch on the left side. In the center, there is a large circular window that looks out onto a cityscape with a bridge and buildings. To the right of the circular window, there is a smaller, semi-circular window. The overall style is modern and architectural.

BEARD,2001-06-04 The pressure on web designers using Flash has been seriously stepped up Flash 5 is a major revision over
Flash 4 and the difference between the two is most apparent in the broader deeper scope of ActionScript To use the features
of Flash 5 effectively therefore a thorough understanding of ActionScript is required The desire to learn ActionScript at the
basic level is addressed in the friends of ED Foundation series Flash 5 ActionScript Studio takes this basic level of knowledge
up towards commercial best practices thanks to the contributions of a range of leading talents who present abundant real
world examples of their techniques This book is recommended for web designers who realize that coding is the way ahead at
the top end of the industry Flash movie creators who need urgently to get deeper into interactivity and those who are
competent in ActionScript but still need guidance from the experts The book is split broadly into three sections The first of
these serves as a quick lesson refresher in ActionScript syntax and technique focusing on the notation in Flash 5 ActionScript
and its relationship with object oriented programming Flash 5 ActionScript presents all of its functionality in the form of
objects and each of these is dissected with examples of its purpose and use Section Two consists of a set of self contained
examples that each demonstrate a particular use of ActionScript including topics such as interface design real time 3D
processing interaction with JavaScript and using data in XML files Finally the third section comprises worked case studies
that involve ideas from all the preceding chapters along with insights into the design processes used by the authors as they
put together their ActionScript rich movies What you ll learnWho this book is for Flash 5 ActionScript Studio assumes a
readership that already has a reasonable understanding of ActionScript and some HTML Readers will likely be existing web
design professionals with 4 to 6 months of experience with Flash 5 or considerable experience with Flash 4 **Foundation**

In 2007 Apple released the iPhone With this release came tools as revolutionary as the internet was to businesses and
individuals back in the mid and late nineties Apps Much like websites drove and still drive business so too do apps drive sales
efficiencies and communication between people But also like web design and development in its early years and iterations
guidelines and best practices for apps are few and far between Designing Apps for Success provides web app designers and
developers with consistent app design practices that result in timely appropriate and efficiently capable apps This book
covers application lifecycle management that designers and developers use when creating apps for themselves or the entities
that hired them From the early discussions with a company as to how to what kind of app they want to storyboarding to
developing cross platform to troubleshooting to publishing Designing Apps for Success gives a taut concise and pragmatic

roadmap from the beginning of the process all the way to the end Developers and designers will learn not only best practices on how to design an app but how to streamline the process while not losing any quality on the end result Other topics in this book include Case studies that best showcase the development process at work or not at work Global examples of apps developed all over the world Future proofing your apps Post publishing Promoting and marketing your apps and keeping it relevant Consistent app design practices for consistently successful results
