Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meanings of the Bible than about the Bible and meanings less about the worlds of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed *Black Art and Aesthetics* Michael Kelly, Monique Roelofs, 2023-11-30 Black Art and Aesthetics comprises essays poems interviews and over 50 images from artists and writers GerShun Avilez Angela Y Davis Thomas F DeFrantz Theaster Gates Aracelis Girmay Jeremy Matthew Glick Deborah Goffe James B Haile III Vijay Iyer Isaac Julien Benjamin Krusling Daphne Lamothe George E Lewis Sarah Elizabeth Lewis Meleko Mokgosi Wangechi Mutu Fumi Okiji Nell Painter Mickaella Perina Kevin Quashie Claudia Rankine Claudia Schmuckli Evie Shockley Paul C Taylor Kara Walker Simone White and Mabel O Wilson The stellar contributors practice Black aesthetics by engaging intersectionally with class queer sexuality female embodiment dance vocabularies coloniality Afrodiasporic music Black post soul art Afropessimism and more Black aesthetics thus restores aesthetics to its full potential by encompassing all forms of sensation and imagination in art

Terror and Triumph Anthony B. Pinn, 2022-07-26 Given the unique history of African Americans and their diverse religious flowering in Black Christianity the Nation of Islam voodoo and others what is the heart and soul of African American religious life As a leader in both Black religious studies and theology Anthony Pinn has probed the dynamism and variety of African American religious expressions In this work based on the Edward Cadbury Lectures at the University of Birmingham England he searches out the basic structure of Black religion tracing the Black religious spirit in its many historical manifestations Pinn finds in the terrors of enslavement of Black bodies and subsequent oppressions the primal experience to which the Black religious impulse provides a perennial and cumulative response Oppressions entailed the denial of personhood and creation of an object the negro Slave auctions punishments and later lynchings created an existential dread but also evoked a quest a search for complex subjectivity or authentic personhood that

still fuels Black religion today In this 20th anniversary edition of Pinn s groundbreaking work the author offers a new reflection on the argument in retrospect and invites a panel of five contemporary scholars to examine what it means for current and future scholarship Contributors include Keri Day Sylvester Johnson Anthony G Reddie Calvin Warren and Carol Wayne White *Travel & See* Kobena Mercer,2016-02-04 Over the years Kobena Mercer has critically illuminated the visual innovations of African American and black British artists In *Travel See* he presents a diasporic model of criticism that gives close attention to aesthetic strategies while tracing the shifting political and cultural contexts in which black visual art circulates In eighteen essays which cover the period from 1992 to 2012 and discuss such leading artists as Isaac Julien Ren e Green Kerry James Marshall and Yinka Shonibare Mercer provides nothing less than a counternarrative of global contemporary art that reveals how the dialogical principle of cross cultural interaction not only has transformed commonplace perceptions of blackness today but challenges us to rethink the entangled history of modernism as well

Halloween and Other Festivals of Death and Life Jack Santino,2025-03-14 Why do we celebrate Halloween No one gets the day off and unlike all other major holidays it has no religious or governmental affiliation A survivor of our pre Christian agrarian roots it has become one of the most popular and widely celebrated festivals on the contemporary American calendar Jack Santino has put together the first collection of essays to examine the evolution of Halloween from its Celtic origins through its adaptation into modern culture Using a wide variety of perspectives and approaches the thirteen essayists examine customs communities and material culture to reveal how Halloween has manifested itself throughout all aspects of our society to become not just a marginal survivor of a dying tradition but a thriving contemporary post industrial festival Its steadily increasing popularity despite overcommercialization and criticism is attributed to its powerful symbolism that employs both pre Christian images and concepts from popular culture to appeal to groups of all ages orientations and backgrounds However the essays in this volume also suggest that there is something ironic and unsettling about the immense popularity of a holiday whose main images are of death evil and the grotesque Halloween and other Festivals of Death and Life is a unique contribution that questions our concepts of religiosity and spirituality while contributing to our understanding of Halloween as a rich and diverse reflection of our society s past present and future identity
