Rome to the present A salient feature of his work is a strong focus on etymology as it relates to our understanding of how people interpreted or misinterpreted and perceived events in history which results in a fascinating exploration of how our understanding of various concepts has been prejudiced by past societies and past beliefs that we might not even be aware of and how they in turn go on to influence other societies and how this cumulative process frames our understanding of these ideas 2 China Up Close and Personal A Conversation with Karl Gerth Hwei Chih and Julia Hsiu Chair in Chinese Studies and Professor of History at UC San Diego This wide ranging conversation covers the emerging American style consumer culture of China which is revolutionizing the lives of hundreds of millions of Chinese how it has transformed its economy and lifestyle and has the potential to reshape the world 3 Sheathing the Bodkin Combating Suicide A Conversation with poet author and historian Jennifer Michael Hecht After intriguing details about how she combines writing poetry doing scholarly history and public writing this wide ranging conversation movingly embellishes upon Jennifer Michael Hecht s book Stay A History of Suicide and the Philosophies Against It which is an intellectual and cultural history of the most persuasive arguments against suicide from the Stoics and the Bible to Dante Shakespeare Wittgenstein and such twentieth century writers as Albert Camus 4 For the Love of History A Conversation with Margaret MacMillan Professor of History at the University of Toronto and emeritus Professor of International History and the former warden of St Antony s College at the University of Oxford This wide ranging conversation examines her research on patriotism and nationalism which are essential themes of her lifelong work on 19th and 20th history 5 The Epicurean Republic A Conversation with award winning author and independent scholar Matthew Stewart In his later years Thomas Jefferson referred to the revolutionary part of the American Revolution which for him meant the founding ideals that would serve as a model for the world on how to build a modern state as opposed to an incidental squabble between one country and its former colonists This wide ranging conversation explores how many of these ideals that Jefferson referred to are part of an intellectual thread that passes through key Enlightenment thinkers such as Spinoza and can be traced all the way back to Epicurus Howard Burton is the founder and host of all Ideas Roadshow Conversations and was the Founding Executive Director of Perimeter Institute for Theoretical Physics He holds a PhD in theoretical physics and an MA in philosophy **The Rules and Politics of American Primaries** Andrew E.

Busch,2019-11-08 Provides an invaluable resource for scholars students and political observers who want a comprehensive picture of the past and present of the U S presidential nominating system across every state In 2020 the parties will again nominate their candidates for president Those nominations will play out in a complicated system of federal law state law national party rules state party rules and informal norms that have developed over decades This resource provides a roadmap for understanding the rules of the game and the ways in which they impact elections and politics across the United States This reference work is organized in two parts Part I consists of a series of short thematic essays discussing topics such as what primaries and caucuses are what the difference between open and closed primaries is varying methods used by the

parties for delegate selection and how campaign finance works in the primaries Part II consists of a state by state description of recent primary caucus history and the methods currently used for delegate selection by Democrats and Republicans in each state

**Jews on the Move: Modern Cosmopolitanist Thought and its Others** Cathy Gelbin, Sander L Gilman, 2019-12-18 Jewish cosmopolitanism is key to understanding both modern globalization and the old and new nationalism Jewish cultures existing in the Western world during the last two centuries have been and continue to be read as hyphenated phenomena within a specific national context such as German Jewish or American Jewish culture Yet to what extent do such nationalized constructs of Jewish culture and identity still dominate Jewish self expressions and the discourses about them in the rapidly globalizing world of the twenty first century In a world in which Diaspora societies have begun to reshape themselves as part of a super or nonnational identity what has happened to a cosmopolitan Jewish identity In a post Zionist world where one of the newest and most substantial Diaspora communities is that of Israelis in the new globalized culture is being Jewish suddenly something that can reach beyond the older models of Diasporic integration or nationalism Which new paradigms of Jewish self location within the evolving and conflicting global discourses about the nation race Genocides anti Semitism colonialism and postcolonialism gender and sexual identities does the globalization of Jewish cultures open up To what extent might transnational notions of Jewishness such as European Jewish identity create new discursive margins and centers Is there a possibility that a virtual makom Jewish space might constitute itself Recent studies on cosmopolitanism cite the Jewish experience as a key to the very notion of the movement of people for good or for ill as well as for the resurgence of modern nationalism These theories reflect newer models of postcolonialism and transnationalism in regard to global Jewish cultures The present volume spans the widest reading of Jewish cosmopolitanisms to study Jews on the move This book was originally published as a special issue of the European Review of History

**A History of Leadership** Morgen Witzel, 2019-12-06 The evolution of leadership into a widely accepted concept occurred without any shared understanding and acceptance of its meaning and relevance in contemporary society Why do some people become leaders What is the source and legitimacy of leadership power This book journeys into the heart of the relationship between leaders and followers the social space and the arena where both contest and collaboration take place and leadership itself is played out In the book Morgen Witzel moves beyond traditional traits and skills framing offering a fresh historical analysis that involves many different actors with different motives and needs By analysing the evolution of power relationships the book analyses the interactions around how power is used and control is bargained for to illuminate the centrepiece of leadership A wide ranging history of a slippery subject this book provides students scholars and reflective practitioners with an empirical historical base on which to test their own ideas and experiences
