Flaubert's Parrot Julian Barnes, 2013-01-07 Man Booker Prize winning author Julian Barnes Flaubert's Parrot deals with Flaubert parrots bears and railways with our sense of the past and our sense of abroad with France and England life and art sex and death George Sand and Louise Colet aesthetics and redcurrant jam and with its enigmatic narrator a retired English doctor whose life and secrets are slowly revealed

Flaubert's Parrot/History of the World Julian Barnes, 2012 Examines the attempts of an increasingly bemused researcher to establish certain facts about a famous French novelist and the stuffed bird which used to sit on his desk This book blends fact and fiction in a virtuoso kaleidoscope of vignettes from Noah's time to the present

The Intertextuality between Julian Barnes's "Flaubert's Parrot" and Gustave Flaubert's Works and Written Remains Lisa Hyna, 2018-10-08 Bachelor Thesis from the year 2013 in the subject English Language and Literature Studies Literature grade 2.7 LMU Munich language English abstract The English writer Julian Barnes has developed an experimental style during his writing career which spans twenty two novels as well as numerous essays and short stories His novel Flaubert's Parrot which was his third published book in 1984 marked an important milestone in his career and shaped his image as an outstandingly talented writer who is fearless of unconventional writing In the year 2005 Julian Barnes wrote an article in honor of the twentieth anniversary of the book called When Flaubert took wing for the Guardian In that article he described how the idea for the novel came to his mind when he experienced finding two different parrots in Flaubert's hometown which both claimed to be the original parrot Flaubert worked with The result was the Booker Prize short listed novel Flaubert's Parrot In the novel he merges a postmodern style within a biographical story that is profoundly thought provoking Neil Brooks described the novel in his comparison to *The Good Soldier* as part novel and part criticism of both modern and postmodern theories of textuality Meanwhile Barnes presents his impressively

extensive research on Gustave Flaubert and incorporates his knowledge into the text in a very entertaining way Due to its experimental style and unconventional structure the book caused a controversial debate whether or not it is still accurate to call it a novel The extensive sections that do not follow a coherent storyline and the excursions on literary critical topics complicated the book's classification and categorization into a specific genre However Barnes himself claimed that he considers his work as nothing else than a novel Therefore and due to the fact that different publishers decided to define it as novel as well this thesis will refer to Flaubert's Parrot as novel too After all literary studies deal with Flaubert's Parrot as a postmodern novel and it has often been categorized within the genre of fictional metabiography Scholars focused often on the two stories the book offers Namely the one story is the search for Flaubert's parrot and the other one is about the main character's past Both stories are connected through intertextual references that are an interesting issue for literary critics In particular the intertextual devices in the novel were often subject for literary studies that aimed to interpret its deeper meaning

 Lisa Hyna, 2018-10-18 Seminar paper from the year 2013 in the subject English Language and Literature Studies Literature grade 2.7 LMU Munich language English abstract This term paper aims to show how the integrated intertextuality has an essential impact on the novel's reception and meaning It discusses how Barnes intertwined intertextual references into his novel and how these influence its interpretation On this occasion the term Intertextuality its development and the theory it designates will be defined before its usage for literary studies will be discussed Furthermore the distinction of the theory will justify the application of mainly Ulrich Broich's and Manfred Pfister's perimeter of intertextuality Thereafter the analysis of the intertextuality between Flaubert's Parrot and Madame Bovary will be examined in detail while the current studies on the topic are included and compared in the investigation This is done primarily by means of secondary literature like monographs and essays from literary scholars as well as by interviews with Julian Barnes The paper concludes with verifying the findings according to Broich and Pfister and estimates its exceptional quality Presupposed is the knowledge of the novels Flaubert's Parrot and Madame Bovary as well as Julian Barnes's and Gustave Flaubert's basic vita

Kinds of Parody from the Medieval to the Postmodern Nil Korkut, 2009 This book approaches parody as a literary form that has assumed diverse forms and functions throughout history The author handles this diversity by classifying parody according to its objects of imitation and specifying three major parodic kinds parody directed at texts and personal styles parody directed at genre and parody directed at discourse The book argues that different literary historical periods in Britain have witnessed the prevalence of different kinds of parody and investigates the reasons underlying this phenomenon All periods from the Middle Ages to the present are considered in this regard but a special significance is given to the postmodern age where parody has become a widely produced literary form The book contends further that postmodern parody is primarily discourse parody a phenomenon which can be explained through the major concerns of postmodernism as a movement In addition to situating parody and its kinds in a historical context this book engages in a detailed analysis of parody in the postmodern age preparing the ground for making an informed assessment of the direction parody and its kinds may take in the near future
