have but a harsh and offensive beginning in regard of the mournfull remembrance it beareth at the verie entrance of the last Pestilentiall mortality universally hurtfull to all that beheld it or otherwise came to knowledge of it But for all that I desire it may not be so dreadfull to you to hinder your further proceeding in reading as if none were to looke thereon but with sighes and teares For I could rather wish that so fearefull a beginning should seeme but as an high and steepy hil appeares to them that attempt to travell farre on foote and ascending the same with some difficulty come afterward to walk upon a goodly even plaine which causeth the more contentment in them because the attayning thereto was hard and painfull For even as pleasures are cut off by grieffe and anguish so sorrowes cease by joyes most sweete and happie arriving After this briefe mollestation briefe I say because it is contained within small compasse of Writing immediately followeth the most sweete and pleasant taste of pleasure whereof before I made promise to you Which peradventure could not bee expected by such a beginning if promise stood not thereunto engaged And indeed if I could well have conveyed you to the center of my desire by any other way then so rude and rocky a passage as this is I would gladly have done it But because without this Narration we could not demonstrate the occasion how and wherefore the matters hapned which you shall reade in the ensuing Discourses I must set them downe even as constrained thereto by meere necessity in writing after this manner The yeare of our blessed Saviours incarnation 1348 that memorable mortality happened in the excellent City farre beyond all the rest in Italy which plague by operation of the superiour bodies or rather for our enormous iniquities by the just anger of God was sent upon us mortals Some few yeeres before it tooke beginning in the Easterne partes sweeping thence an innumerable quantity of living soules extending it selfe afterward from place to place Westward until it seized on the said City Where neither humane skill or providence could use any prevention notwithstanding it was cleansed of many annoyances by diligent Officers thereto deputed besides prohibition of all sickly persons enterance and all possible provision dayly used for conservation of such as were in health with incessant prayers and supplications of devoute people for the asswaging of so dangerous a sicknesse About the beginning of the yeare it also began in very strange manner as appeared by divers admirable effects yet not as it had done in the East Countries where Lord or Lady being touched therewith manifest signes of inevitable death followed thereon by bleeding at the nose But here it began with yong children male and female either under the armpits or in the groine by certaine swellings in some to the bignesse of an Apple in others like an Egge and so in divers greater or lesser which in their vulgar Language they termed to be a Botch or Byle In very short time after those two infected parts were growne mortiferous and would disperse abroad indifferently to all parts of the body whereupon such was the quality of the disease to shew it selfe by blacke or blew spottes which would appeare on the armes of many others on their thighes and every part else of the body in some great and few in others small and thicke
