Jewish Writers of Latin America Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature. Nevertheless, the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing. This Dictionary is the first comprehensive bibliographical and critical source book on Latin American Jewish literature. It represents the research efforts of 50 scholars from the United States, Latin America, and Israel who are dedicated to the advancement of Latin American Jewish studies. An introduction by the editor is followed by entries on 118 authors that provide both biographical information and a critical summary of works. Argentina, Brazil, and Mexico home to the largest Jewish communities in Latin America are the countries with the greatest representation, but there are essays on writers from Venezuela, Chile, Uruguay, Peru, Colombia, Costa Rica, and Cuba.

Masculinities and Migration in Latinx and Francophone Literatures and Cultures Brandon P. Bisbey, Adrián Herrera Fuentes, 2025-02-27 This book adopts a transatlantic approach to consider literature and cultural products produced by authors confronted with the experience of migration, working from or looking in the direction of the Global North. It offers a comparative framework which underlines the differences and similarities between the Francophone and Latino American cultural spheres. The volume explores different aspects: gender identity, sexuality, violence encountered in the intersectionality between masculinity and migration around the world. It also contextualizes this global phenomenon across two hemispheres, looking at colonial history, the role of migration, the predominant religion, racial identities, and levels of economic development. Chapters examine novels, short stories, TV, and other types of cultural production. Perspectives avoid as far as possible hierarchical, vertical, and binomial configurations between self and other, North and South, male and female.

ENDORSEMENTS A timely volume that invites us to explore how migration in the United States and Europe is changing our approach to masculinity studies. Its focus on migration and undesired migrants from the Global South, hegemonic masculinities, fashion, sports, hypersexualized virility, and masculinist performances offers new gender discussions in the context of Hispanic, Latinx, and Francophone literature and culture.

Oswaldo Estrada, Professor of Spanish and Latin American Studies, University of North Carolina at Chapel Hill, US. This is an urgently needed volume on one of the most central topics of our time; the book provides a transnational perspective on cultural representations of masculinity and migration. An essential read for scholars of Gender Studies, Migration, and Comparative Literature.

Gesine Müller, Professor of Romance Philology, University of Cologne, Germany.
