El Arte De Cartier:

El arte de la biografía: entre historia y ficción François Dosse, 2007 *El arte de la persuasión* Jason Harris, 2021-04-19

La auténtica persuasión se logra cultivando las relaciones personales y forjando hábitos que nutran el carácter no empleando la manipulación presionando a los demás o directamente engañándolos se es el planteamiento de Jason Harris CEO y fundador de Mekanism una de las mayores y más creativas agencias de publicidad de Estados Unidos En lugar de emplear las viejas tácticas que contemplan las relaciones sociales desde un punto de vista transaccional y de adoptar una mentalidad enfocada tan sólo en el beneficio individual a corto plazo Harris apuesta por la empatía la generosidad la positividad y la autenticidad como herramientas para convencer Si lo que quieres es intentar ganar un poco de notoriedad o de dinero fácil tratando de aprovechar una moda pasajera o vendiendo algo que tú mismo no comprarías este libro no es para ti Es sólo querer persuadir a los demás para que acepten nuestro punto de vista o para que compren nuestro producto pero sólo desde la honestidad Y si partimos de la honestidad de nuestro genuino convencimiento de que tenemos algo bueno y auténtico que ofrecer resultará mucho más sencillo ya no sólo convencer a los demás con argumentos lógicos y razonables sino también conmoverlos lograr que se den cuenta de que realmente creemos en lo que decimos y consideramos que deben ponerse de nuestra parte que nuestro intento por convencerlos es un acto de sincera generosidad A través de su propia experiencia que va desde la participación en una campaña coordinada desde la Casa Blanca para erradicar las violaciones en los campus universitarios hasta el diseño y la producción de un anuncio de Pepsi para el descanso de la Super Bowl y de historias de grandes creativos como Shep Gordon o Martin Puris el fundador de Mekanism te explica cómo cultivar los hábitos y los rasgos de carácter que te harán naturalmente más persuasivo y cómo mejorar o adquirir técnicas fundamentales para conectar con los demás como el storytelling

El arte de narrar María Teresa Andruetto, 2025-04-01 Narradores somos todos En el copioso mundo de los relatos hay quienes cuentan quienes escriben y quienes leen o quienes hacen todo eso a la vez Quienes lo hacen de un modo público en el foro o en el aula y quienes lo hacen solo en la intimidad Se trata de un acto de magia Cuando sucede es consecuencia del esfuerzo para lograr que lo que vemos se vuelva visible para otros Visible a veces inquietante a veces incluso en el límite de lo soportable porque el relato nos permite recibir hasta lo insostenible dice María Teresa Andruetto Qué significa narrar Para quién se narraCuál es el objetivo de una narración Desde que existe la escritura existen estas y muchas otras preguntas que la autora hilvana y desteeja a lo largo de este libro El arte de narrar nos lleva con agudeza y sin concesiones a la ficción y sus silencios a la relación entre la lectura y la escuela a los repliegues de la lengua a una genealogía de escritoras a la literatura como forma de resistencia en ensayos como peldaños donde hacer pie como trincheras donde detenerse para repensar la literatura

Franco,2018-09-27 This edited volume examines the history of abstract art across Latin America after 1945 This form of art grew in popularity across the Americas in the postwar period often serving to affirm a sense of being modern and the right of Latin America to assume the leading role Europe had played before World War II Latin American artists practiced gestural and geometric abstraction though the history of art has favored the latter Recent scholarship for instance has focused on geometric abstraction from Argentina Brazil and Venezuela The book aims to expand the map and consider this phenomenon as it developed in neglected regions such as Central America and the Andes investigating how this style came to stand in for Latin American contemporary art *El arte de disentir* Alberto Aguirre,2015-07-01 El arte de disentir presenta una compilaci n de las columnas period sticas de Alberto

Stefano Varese, 2021-06-28 Existen muchas maneras de hacer que las memorias sean menos interesantes que la persona que las escribe No es este el caso Stefano es entre muchas otras cosas un notable escritor El arte del recuerdo es una gran ventana a sus mundos Charles Walker Un despliegue continuo y apasionante así podemos leer la vida de Stefano Varese 1939 el prestigioso antropólogo y activista italo-peruano Stefano nace en Italia en medio de la Segunda Guerra Mundial y de fisuras familiares que como paradoja multiplican sus universos Llega a Lima en su adolescencia y su vida adulta se desdobra por lugares tan diversos como el Gran Pajonal California y Oaxaca Su contacto con la Amazonia peruana le revela más que un objeto de estudio un mosaico de saberes alternativos que transforman la forma de vincularse con su propio ser Advertimos en esta evolución el cuestionamiento a su clase a su entorno familiar incluso a su formación académica Stefano nos hace testigos de experiencias que trascienden lo racional y de episodios que renuevan el amor y los conflictos en la familia que funda con Linda su esposa El arte del recuerdo no es una autobiografía sino como su autor prefiere describir un ejercicio de memorias un ejercicio parcial fragmentado donde participa también lo no dicho lo reprimido lo autocensurado Esta subjetividad traduce las vivencias de Stefano Varese en una obra que nos conmueve e interpela *Abstract Crossings* María Amalia

García, 2019-07-16 Toward the middle of the 1950s abstract art became a dominant trend in the Latin American cultural

scene Many artists incorporated elements of abstraction into their rigorous artistic vocabularies while at the same time the representation of geometric lines and structures filtered into everyday life appearing in textiles posters murals and landscapes The translation of a field changing Spanish language book Abstract Crossings analyzes the relationship between on the one hand the emergence of abstract proposals in avant garde groups and on the other the institutionalization and newfound hegemony of abstract poetics as part of Latin America's imaginary of modernization A profusion of mid century artistic institutional exchanges between Argentina and Brazil makes a study of the trajectories of abstraction in these two countries particularly valuable Examining the work of artists such as Max Bill Lygia Clark Waldemar Cordeiro and Tom's Maldonado author Mar a Amalia Garc a rewrites the artistic history of the period and proposes a novel reading of the cultural dialogue between Argentina and Brazil This is the first book in the new Studies on Latin American Art series supported by a gift from the Institute for Studies on Latin American Art
