El Manifiesto Amarillo Dali Gasch Montanya Y El Antiarte:

El manifiesto amarillo Joan M. Minguet Batllori, 2004-01-01 La muestra pretende reflejar el destacado papel que desempeñó Salvador Dalí en la gestación del Manifiesto Amarillo Manifest Groc firmado por el crítico de arte Sebastià Gasch el crítico literario Lluís Montanyà y el propio Dalí difundido durante el mes de marzo de 28 y convertido en el el manifiesto artístico más influyente de la vanguardia histórica catalana Dirigido a los jóvenes catalanes denunciaba el estado de putrefacción de la cultura y hacía una feroz defensa de la modernidad y de la herencia futurista y cubista así como del dadaísmo atacando los convencionalismos y la cultura oficial catalana heredera del noucentisme y generando reacciones diversas en los ámbitos público y privado

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 The first full study of the role of little magazines and their contribution to the making of artistic modernism and the avant garde across Europe this volume is a major scholarly achievement of immense value to those interested in material culture of the twentieth century

Barcelona and Madrid Aránzazu Ascunce Arenas, 2012-03-15 For hundreds of years Barcelona and Madrid have shared a deep rivalry Throughout history they have competed in practically every aspect of social life sport politics and culture While competition between cities is commonplace in many nations around the world in the case of Barcelona and Madrid it has been on occasion excessively antagonistic Over time they have each tried to demonstrate that one was more modern than the other or more avant garde or richer or more athletic and so on Fortunately the Spain of today is a democracy and every nation and region of the State has the liberty to act As such the rivalry between these two capitals has become productive not only for the cities themselves but also for Spain as a whole One hundred years ago at the onset of the Historical Avant Garde in Spain the connections between Barcelona and Madrid consisted of a complicated web of politics friendships publications and inter art collaborations Over the last century the antagonistic relationship between these two cultural capitals has been dismissed as simply a fact of life and thereby scholars for the most part have focused only on Barcelona or Madrid when addressing this cultural moment By delving deep into the myriad of cultural and political complexities that surround these two cities from the onset of Futurism 1909 to the arrival of Surrealism in Spain 1929 a complex social and cultural network is revealed Networking between artists poets journalists and thinkers connected avant garde Barcelona and Madrid thereby creating synergy for this artistic and literary movement In a hybrid transdisciplinary translingual and historical approach using a wide range of visual and textual artifacts the complexity of interactions described here opens our imagination to new ways of thinking about culture
