Bienvenidos a la fascinante y desconocida historia del Egipto Ptolemaico desde la conquista de Alejandro Magno hasta el suicidio de la legendaria Cleopatra Incluso para los especialistas el periodo Ptolemaico siempre ha quedado oculto por la bruma entre la grandeza del antiguo Egipto fara nico y el nuevo poder romano Sin embargo miles de papiros muy bien conservados magn ficas esculturas o las huellas de una portentosa arquitectura descartan cualquier decadencia y nos hablan de tres siglos que brillaron con luz propia Las calles de la m tica Alejandr a los minuciosos detalles de la vida cotidiana o la grandeza de la dinast a greco maced nica son la materia de un relato repleto de acontecimientos logros reinas poderosas sabios bibliotecarios y generales ambiciosos Una civilizaci n cosmopolita que no sin tensiones y crisis fundi la tradici n egipcia y el helenismo en una s ntesis nica cuyo legado resuena hasta hoy Wilkinson combina un rigor acad mico impecable con una narraci n absorbente y v vidos retratos de personajes Simon Sebag Montefiore **The Historians' History of the World in Twenty-Five Volumes** Various Authors,2020-09-28

Broadly speaking the historians of all recorded ages seem to have had the same general aims They appear always to seek either to glorify something or somebody or to entertain and instruct their readers The observed variety in historical compositions arises not from difference in general motive but from varying interpretations of the relative status of these objects and from differing judgments as to the manner of thing likely to produce these ends combined of course with varying skill in literary composition and varying degrees of freedom of action As to freedom of selective judgment the earliest

historians whose records are known to us exercised practically none at all Their task was to glorify the particular monarch who commanded them to write The records of a Ramses a Sennacherib or a Darius tell only of the successful campaigns in which the opponent is so much as mentioned only in contrast with the prowess of the victor With these earliest historians therefore the ends of historical composition were met in the simplest way by reciting the deeds real or alleged of a king as Ramses Sennacherib or David or of the gods as Osiris or Ishtar or Yahveh As to entertainment and instruction the reader was expected to be overawed by the recital of mighty deeds and to draw the conclusion that it would be well for him to do homage to the glorified monarch human or divine A little later in what may be termed the classical period the historians had attained to a somewhat freer position and wider vision and they sought to glorify heroes who were neither gods nor kings but the representatives of the people in a more popular sense Thus the Iliad dwells upon the achievements of Achilles and Ajax and Hector rather than upon the deeds of Menelaus and Priam the opposing kings Hitherto the deeds of all these heroes would simply have been transferred to the credit of the king Now the individual of lesser rank is to have a hearing Moreover the state itself is now considered apart from its particular ruler The histories of Herodotus of Xenophon of Thucydides of Polybius in effect make for the glorification not of individuals but of peoples This shift from the purely egoistic to the altruistic standpoint marks a long step The writer now has much more clearly in view the idea of entertaining without frightening his reader and he thinks to instruct in matters pertaining to good citizenship and communal morality rather than in deference to kings and gods In so doing the historian marks the progress of civilisation of the Greek and early Roman periods In the medi val time there is a strong reaction To frighten becomes again a method of attacking the consciousness to glorify the gods and heroes a chief aim As was the case in the Egyptian and Persian and Indian periods of degeneration the early monotheism has given way to polytheism Hagiology largely takes the place of secular history A constantly growing company of saints demands attention and veneration To glorify these to show the futility of all human action that does not make for such glorification became again an aim of the historian But this influence is by no means altogether dominant and though there is no such list of historians worthy to be remembered as existed in the classical period yet such names appear as those of Einhard the biographer of Charlemagne De Joinville the panegyrist of Saint Louis Villani Froissart and Monstrelet the chroniclers and Comines Machiavelli and Guicciardini

Views of Ancient Egypt since Napoleon Bonaparte David Jeffreys,2016-06-16 This book addresses some of the main themes of the study of Egypt during the nineteenth and twentieth centuries In a combination of case studies and discursive chapters the status of Egypt as an important example of traditional Asian scholarship and as an ancient model of imperialism itself is examined Contributions range from studies of nineteenth century antiquarianism and the collecting of Egyptian antiquities as an extension of the territorial ambitions and rivalries of the European powers to explorations of how

Egypt is understood and interpreted in contemporary societies Views of Ancient Egypt also considers the way in which Ancient Egypt has been adopted by less privileged members of some societies as a cultural icon of past greatness
