Gary Rosenshield, 2023-03-08 Napoleon today is still a figure who fascinates both his admirers and detractors because of his seminal role in European history at the end of the eighteenth and beginning of the nineteenth centuries straddling the French Revolution and the enormous empire that he fashioned through military conquest Napoleon in the Russian Imaginary focuses on the response of Russia's greatest writers poets novelists critics and historians to the idea of Great Man as an agent of transformational change as it manifests itself in the person and career of Napoleon After Napoleon's defeat at Waterloo in 1815 and his subsequent exile to St Helena in much of Europe a re-evaluation of Napoleon's person stature and historical significance occurred as thinkers and writers witnessed the gradual reestablishment of repressive regimes throughout Europe This re-evaluation in Russia would have to wait until Napoleon's death in 1821 but when it came to pass it continued to occupy the imagination of Russia's greatest writers for over 130 years Although Napoleon's invasion of Russia and subsequent defeat had a profound effect on Russian culture and Russian history for Russian writers what was most important was the universal significance of Napoleon's desire for world conquest and the idea of unbridled ambition which he embodied Russian writers saw this for good or ill as potentially determining the spiritual and moral fate of future generations What is particularly fascinating is their attempt to confront each other about this idea in a creative dialogue with each succeeding writer addressing himself and responding to his predecessor and predecessors      *Military Ghosts* Alan C.

Wood, 2010-10-15 The first ever ghostly gazetteer of military manifestations both here and abroad      The Complete Idiot's Guide to Ghosts and Hauntings Tom Ogden, 1999 You're no idiot of course You know Casper was a friendly ghost and that the Phantom Hitchhiker is someone you'd rather not meet on a deserted highway late at night But when it comes to knowing the

authentic roots of ghost stories and which ones remain unexplained to this day you don't stand a ghost of a chance. Don't get spirited away yet! The Complete Idiot's Guide to Ghosts and Hauntings is an eerie investigation into the firsthand accounts, legends, literature, and dramatic works surrounding the world of ghosts. In this Complete Idiot's Guide, you get **Real Ghosts, Restless Spirits, and Haunted Places** Brad Steiger, 2012-10-01. A frightening collection of true ghost stories which will turn skeptics and nonbelievers into people who sleep with one eye open. Ancient philosophers suggested that the appearance of spirits is evidence that we are part of a larger community of intelligences, a universe of interrelated species, both physical and nonphysical. Master ghost hunter and best-selling author Brad Steiger invites you to join him as he explores the many dark and nightmarish pathways leading to this shadowy world of spirits and hauntings. **Real Ghosts, Restless Spirits, and Haunted Places** is the defining work on spirit phenomena. It is a comprehensive classification of the spirit world touching on every possibility from time travel to parallel universes, presenting the full range of ghostly manifestations and haunted locations. A major work sure to be heralded by paranormal enthusiasts whatever their corporeal state. Do you know the difference between poltergeists and spirits of the dead? The differences between spirits, residue, spirit parasites, and spirit masqueraders. With its 30 topical chapters, **Real Ghosts** covers those differences and many more: Spirits Seen at Death Beds and Funerals, Haunted Churches, Cemeteries, and Burial Grounds, Phantoms on Roads and Highways, Battlefields Where Phantom Armies Eternally Wage War, Speaking to Spirits, The Mystery of Mediumship, Animal Ghosts, Domesticated and Wild Spirit Parasites, That Possessed Apparitions of Religious Figures, Haunted Hotels, Motels, and Inns. Did you know that ghosts still haunt Ohio's State Reformatory, otherwise known as Shawshank? Or that the Hollywood Roosevelt Hotel is home to some of the most famous ghosts in the world? With **Real Ghosts**, you'll discover that Abe Lincoln regularly consulted spooks and mediums. Rudolph Valentino haunts his old mansion, and the ghosts of Anne Boleyn, Henry VIII, Katharine Howard, Jane Seymour, Elizabeth I, and King George III all still haunt some of England's most famous castles. You'll also learn how to perform a cleansing ritual to rid your home of unwanted spectral visitors. More than a collection of true ghost stories, this book plunges you square into the middle of the eerie action with captivating stories that would be at home at any midnight campfire. The only difference is these stories aren't urban legends employing hooks, needles, or long metal fingernails for their scare. These stories exist outside of the mind and live right next door to every one of us. **Real Ghosts** shouldn't be read when you are home alone and the lights begin to flicker. *Parameters*, 1987. Bonaparte Eugene Tarlé,2018-09-03 Napoleon Bonaparte 1769 1821 is one of the most illustrated political and military figures of the last two millennia He has remained in the memory of the world as a legend that the passage of the years has failed to blur On the contrary Napoleon Bonaparte widely continues to be considered the personification of human genius In this memoir which was first published in this English translation in 1937 author and historian Evgeny Tarle vividly presents in detail Napoleon s life and official activity THE man with whose life and personality this book deals presents one of the most extraordinary phenomena in world history It is not surprising that he has been still is and will continue to be the subject of many biographies As recently as 1914 a section of the militant German press sang fervent praises of Napoleon as the creator of the Continental Blockade and as the author of the idea of uniting the European continent against England after the World War the victorious Allies inspired by his example inserted the more ruthless clauses into the Versailles Treaty and the Fascist dictatorship in Italy made the study of Napoleon s personality a compulsory course of history instruction in the schools And before and after the World War the figure of Napoleon loomed constantly before the minds of the ruling classes frightened by approaching revolution and yearning for the strong man and deliverer The grandiose Napoleonic epic has had almost as strong a hold on political philosophers and theoreticians as on historians publicists and poets Beginning with the Hegelians and ending with the revolutionary Marxist writers there has been no single noticeable current of social and philosophic thought which in one fashion or another has not been influenced by Napoleon E V Tarle Introduction A
