Ghost Planet:

essential atlas of astronomy José Tola, 2002 **The ghost planet** Murray Leinster, 2023-07-10 In *The Ghost Planet* Murray Leinster intricately weaves a narrative that explores the haunting themes of isolation and the indomitable human spirit in the face of the unknown. Set in a richly imagined interstellar environment, the novella combines elements of science fiction with psychological introspection as characters confront eerie phenomena on a desolate planet. Leinster's adept use of vivid descriptions and suspenseful pacing immerses the reader in a world where reality blurs with the supernatural, creating an atmosphere laden with tension and intrigue that challenges the boundaries of perception and belief. Murray Leinster, a pioneering figure in science fiction, displayed an early fascination with technology and exploration, which profoundly influenced his writing career. His experiences as a young man during a period of great technological advancement, coupled with his contributions to various speculative fiction genres, provided a fertile ground for the ideas he explores in *The Ghost Planet*. Leinster's works often reflect his keen insight into human nature and culture, making his narratives deeply resonant and intellectually stimulating. This book is a must-read for enthusiasts of science fiction and readers intrigued by explorations of the human psyche. Leinster's masterful storytelling and ability to evoke suspense invite readers to ponder the mysteries of existence and the unseen forces that shape our lives. Delve into this thought-provoking tale and discover the chilling yet awe-inspiring landscape of the ghost planet.

Nibiru Rising, the Lost Planet of Sumerian Gods Ryan Moorhen, 2025-08-28 Across the clay tablets of Mesopotamia, a name appears like a cipher from the stars: Nibiru, the Planet of the Crossing. To the ancients, it was not merely a celestial body but a threshold, a cosmic judge presiding over the rise and fall of ages. From the *Enuma Elish* to the councils of the Anunnaki, from Babylonian ziggurats to modern telescopes searching for Planet Nine, Nibiru has always stood at the crossroads of myth and astronomy, fear and revelation. *Nibiru Rising* journeys deep into this mystery. It traces the story of Nibiru from its first appearance in Babylonian creation myths through its echoes in flood legends and divine councils into its modern rebirth as Planet X and a symbol of apocalyptic prophecy. Along the way, it explores how ancient sky watchers may have encoded knowledge of long celestial cycles, precession, eclipses, comets into temples, myths, and rituals, anticipating the return of a hidden world that brings transformation whenever it crosses near. Blending ancient history, comparative mythology, and the latest astronomical debates, this book reveals how the memory of a single enigmatic planet has shaped civilizations for thousands of years. Was Nibiru a literal body beyond Neptune, a lost piece of cosmic architecture, or a symbolic key to understanding time itself? Whether read as prophecy, science, or myth, its legacy is undeniable. In a world where the past and future seem to meet in the stars, *Nibiru Rising* asks: are we once again standing at the crossing?

THE EVOLUTION OF THE GOD ILLUSION Ir. Jim K K Wong,2012-06-16 As one may have read Cicero in The Nature Of The Gods ancient people were vivid observers of the sky and the celestial bodies because of their livelihood they were mostly engaged in agriculture and animal husbandry The cycles of nature and seasons were the most important factors affecting farming civilizations The brilliant stars Jupiter Saturn Venus and the zodiac were also objects of great interest These heavenly bodies were regarded as deities even by learned philosophers Cicero and Socrates had a field day

demolishing these strongly held prevailing ideas One popular god illusion of the West and Middle East began with patriarch Abraham who was an astronomer from Mesopotamia He studied Jupiter avidly and could predict its behavior which he used it to his advantage in his migration to the Fertile Crescent and in his encounters with hostile inhabitants Abraham had the delusion that Jupiter Yahweh was a deity who could be depended to assist him in troubled times The Yahweh Delusion was passed down from Abraham to son Isaac and grandson Jacob Jacob s 12 sons migrated to Egypt multiplied and eventually became slaves Moses a pariah Egyptian prince became the rebel leader of the Hebrew slaves when he discovered his roots At the opportune moment c 1450 BCE Venus erupted from unstable fast spinning Red Giant Jupiter and shot into the inner solar system like a billiard ball along a highly elliptical orbit It had several close encounters with Earth Moon and Mars and created stunning phenomena or miracles such as the much exaggerated Ten Plagues parting of the Red Sea the rain of manna apparent stopping of the Earth s rotation and even the destruction of the mighty army of Sennacherib near Jerusalem Moses and his successors apparently knew and could predict more or less unusual celestial phenomena and attributed them to a tribal deity Yahweh who was connected with their deliverance and survival Every successful prediction or expectation resulted in augmenting the god illusion The god illusion evolved through stupendous sagas cross fertilized by neighbors and reformers roughly from 1500 BCE to 500 BCE However the Hebrews had a confused idea of this savior deity and its feminine aspects such as the Celestial Cow giving manna milk In the evolutionary process Yahwist patriarchs literally wrote off the influential Goddess and made Yahweh a lone male god of Judaism and Christianity The underlying motive developing this god illusion is Moses and Israel s covetousness of the fertile Holy Land Moses needed a justification to commit genocide to rob loot destroy and drive out people inhabiting the land of milk and honey The justification is a tribal god of Israelites who gives mandate to his chosen race to rob and steal the Promise Land from evil worshippers of false gods The underlying theory for this god illusion evolution hypothesis is based on Immanuel Velikovsky s bestseller of the 1950s Worlds in Collision This hypothesis met fierce opposition in academia and Establishment Science The AAAS Symposium 1974 was convened to address the serious challenge Here the author produces abstracts from various experts in various disciplines of sciences and arts to counter objections to the underlying theory The god illusion presented here is my own interpretation of the psychological impacts and aspects of these astounding celestial phenomena I am using appropriate knowledge in several disciplines to support my thesis such as radiation chemistry upper atmosphere chemistry and behavioral science My training as a stock analyst to read the underlying environment enables me to read in between the lines to speculate and connect the gaps and dots together and present a satisfying version of the god illusion

Olson,CarrieLynn D. Reinhard,2020-05-29 Reaching back to the beginnings of television The Greatest Cult Television Shows offers readers a fun and accessible look at the 100 most significant cult television series of all time compiled in a single resource that includes valuable information on the shows and their creators While they generally lack mainstream appeal cult television shows develop devout followings over time and exert some sort of impact on a given community society culture or even media industry Cult television shows have been around since at least the 1960s with Star Trek perhaps the most famous of that era However the rise of cable contributed to the rise of cult television throughout the 1980s and 1990s and now with the plethora of streaming options available more shows can be added to this categorization Reaching back to the beginnings of television the book includes such groundbreaking series as The Twilight Zone and The Prisoner alongside more contemporary examples like Crazy Ex Girlfriend and Hannibal The authors provide production history for each series and discuss their relevance to global pop culture To provide a more global approach to the topic the authors also consider several non American cult TV series

including British Canadian and Japanese shows Thus Monty Python's Flying Circus appears alongside Sailor Moon and Degrassi Junior High Additionally to move beyond the conception of cult as a primarily white heteronormative fanboy obsession the book contains shows that speak to a variety of cult audiences and experiences such as Queer as Folk and Charmed With detailed arguments for why these shows deserve to be considered the greatest of all time Olson and Reinhard provide ideas for discussion and debate on cult television Each entry in this book demonstrates the importance of the 100 shows chosen for inclusion and highlights how they offer insight into the period and the cults that formed around them
