action and adventure that will move you and answer the many questions of this epic novel *Exploring the Horror of Supernatural Fiction* Miranda Corcoran, Steve Gronert Ellerhoff, 2020-06-02 Detailing the adventures of a supernatural clan of vampires, witches and assorted monstrosities Ray Bradbury's Elliott family stories are a unique component of his extensive literary output. Written between 1946 and 1994, Bradbury eventually quilted the stories together into a novel *From the Dust Returned* (2001), making it a creative project that spanned his adult life. Not only do the stories focus on a single familial unit engaging with overlapping twentieth-century themes of family identity and belonging, they were also unique in their time, interrogating post-war American ideologies of domestic unity while reinventing and softening gothic horror for the Baby Boomer generation. Centred around diverse interpretations of the Elliott Family stories, this collection of critical essays recovers the Elliotts for academic purposes by exploring how they form a collective gothic mythos while ranging across distinct themes. Essays included discuss the diverse ways in which the Elliott stories pose questions about difference and Otherness in America, engage with issues of gender, sexuality and adolescence, and interrogate complex discourses surrounding history, identity, community and the fantasy of family *Haunted Places* Dennis William Hauck, 2002 Describes over 2,000 sites of supernatural occurrences in the United States, including places visited by ghosts, UFOs and unusual creatures **The Bering Strait Crossing** James Oliver, 2006 The Bering Strait Crossing is the epic story of the Intercontinental Divide. This is where the 53-mile wide strait named for Danish explorer Vitus Bering (1681-1741) separates four continents across the Europe-Asia landmass and the Americas *The Witch of Pungo* Scott O. Moore, 2024-05-22 The authoritative cultural history of Virginia's most famous accused witch. In 1706, Grace Sherwood was ducked after her neighbors in Princess Anne County accused her of witchcraft. Binding and throwing her into the Lynnhaven River, they waited to see whether she would float to the top (evidence of her guilt) or sink (proof of her innocence). Incredibly, she survived. This bizarre spectacle became an early piece of Virginia folklore as stories about Sherwood, the Witch of Pungo, spread. Her legend still looms large in Tidewater. In 2006, Governor Tim Kaine even issued an informal pardon of Sherwood, read aloud by the mayor of Virginia Beach before the annual reenactment of Sherwood's ducking. This is the first book to explore Grace Sherwood's life and cultural impact in depth. Anyone interested in colonial Virginia, American folklore, and the history and legacy of witch trials will find much to enjoy in this spellbinding book **The Belief in Immortality and the Worship of the Dead (Complete)** Sir James George Frazer, 2006-01-01 The subject of these lectures is a branch of natural theology. By natural theology, I understand that reasoned knowledge of a God or gods which man may be supposed, whether rightly or wrongly, capable of attaining to by the exercise of his natural faculties alone. Thus defined, the subject may be treated in at least three different ways: namely, dogmatically, philosophically, and historically. We may simply state the dogmas of natural theology which appear to us to be true; that is the dogmatic method. Or secondly, we may examine the validity of the grounds on which these dogmas have been or may be maintained; that is the philosophic method. Or thirdly, we may content ourselves

with describing the various views which have been held on the subject and tracing their origin and evolution in history that is the historical method The first of these three methods assumes the truth of natural theology the second discusses it and the third neither assumes nor discusses but simply ignores it the historian as such is not concerned with the truth or falsehood of the beliefs he describes his business is merely to record them and to track them as far as possible to their sources Now that the subject of natural theology is ripe for a purely dogmatic treatment will hardly I think be maintained by any one to whatever school of thought he may belong accordingly that method of treatment need not occupy us further Far otherwise is it with the philosophic method which undertakes to enquire into the truth or falsehood of the belief in a God no method could be more appropriate at a time like the present when the opinions of educated and thoughtful men on that profound topic are so unsettled diverse and conflicting A philosophical treatment of the subject might comprise a discussion of such questions as whether a natural knowledge of God is possible to man and if possible by what means and through what faculties it is attainable what are the grounds for believing in the existence of a God and if this belief is justified what may be supposed to be his essential nature and attributes and what his relations to the world in general and to man in particular Now I desire to confess at once that an adequate discussion of these and kindred questions would far exceed both my capacity and my knowledge for he who would do justice to so arduous an enquiry should not only be endowed with a comprehensive and penetrating genius but should possess a wide and accurate acquaintance with the best accredited results of philosophic speculation and scientific research To such qualifications I can lay no claim and accordingly I must regard myself as unfitted for a purely philosophic treatment of natural theology To speak plainly the question of the existence of a God is too deep for me I dare neither affirm nor deny it I can only humbly confess my ignorance Accordingly if Lord Gifford had required of his lecturers either a dogmatic or a philosophical treatment of natural theology I could not have undertaken to deliver the lectures
