**Ghost Ship** Norman C. Delaney, 1989      **John McIntosh Kell of the Raider Alabama** Norman C. Delaney, 2003-01-29  
A vivid portrait of the man credited as a driving force behind the most successful of the Confederate raiders the legendary CSS Alabama John McIntosh Kell was an experienced proven military man a graduate of Annapolis a veteran of the Mexican War and of Admiral Perry's voyage to Japan As a Confederate officer Kell served first on the raider Sumter and then on the Alabama At sea for only 22 months the Alabama engaged nearly 300 northern merchant vessels burning 55 of these transport ships along with their million dollar cargoes Though First Lieutenant Luff Kell was apparently content to let his captain Raphael Semmes take credit for their accomplishments Semmes acknowledged that his successes were due largely to the energy and resourcefulness of his second in command Life on the commerce cruisers was hard and tedious and much of the responsibility for running the day to day operations including the disciplining of a largely mercenary crew rested on Kell whose sense of duty and loyalty did not waver Norman C Delaney bases his account of this remarkable naval officer's experiences on the interviews Kell granted to news reporters during the 1880s and 1890s previously neglected by historians and his memoirs published in 1900 as *Recollections of a Naval Life* He supplements these materials with records from Kell's earlier years including letters journals diaries and contemporary observations First published in 1973 by The University of Alabama Press this new edition of an award winning biography will be welcomed by Civil War historians and enthusiasts around the world naval institutions and museums and general readers alike      The Alabama, British Neutrality, and the American Civil War Frank J. Kirk, 2012-11-07 In the 400 years from Magellan's entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians

living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area s relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated *Special Bibliography Series* ,1957
