**Two Ghostly Mysteries** Joseph Sheridan Le Fanu, 2016-01-10 INTRODUCTION In the following narrative I have endeavoured to give as nearly as possible the ipsissima verba of the valued friend from whom I received it conscious that any aberration from her mode of telling the tale of her own life would at once impair its accuracy and its effect Would that with her words I could also bring before you her animated gesture her expressive countenance the solemn and thrilling air and accent with which she related the dark passages in her strange story and above all that I could communicate the impressive consciousness that the narrator had seen with her own eyes and personally acted in the scenes which she described these accompaniments taken with the additional circumstance that she who told the tale was one far too deeply and sadly impressed with religious principle to misrepresent or fabricate what she repeated as fact gave to the tale a depth of interest which the events recorded could hardly themselves have produced I became acquainted with the lady from whose lips I heard this narrative nearly twenty years since and the story struck my fancy so much that I committed it to paper while it was still fresh in my mind and should its perusal afford you entertainment for a listless half hour my labour shall not have been bestowed in vain I find that I have taken the story down as she told it in the first person and perhaps this is as it should be

His experiences in British universities, coupled with his fascination for antiquarian artifacts and folklore, provide a rich backdrop for the ghost stories contained within this volume. This collection is a must-read for those who appreciate the subtlety of classic ghost stories.
