mysteries hidden in the Bible that have great impact on our world today Join Rick as he unearths mysteries that have been hidden for too long **The Giant Book of American Quotations** Gorton Carruth, Eugene Ehrlich, 2006 A collection of over 8 000 American quotations on a variety of subjects **Prayer in America** James P. Moore, Jr., 2009-03-12 A stirring chronicle of the spiritual life of a nation Prayer in America shows how the faith of Americans from the founding fathers to corporate tycoons from composers to social reformers from generals to slaves was an essential ingredient in the formation of American culture character commerce and creed Prayer in America brings together the country s hymns patriotic anthems arts and literature as a framework for telling the story of the innermost thoughts of the people who have shaped the United States we know today Beginning with Native Americans Prayer in America traces the prayer lives of Quakers and Shakers Sikhs and Muslims Catholics and Jews from their earliest days in the United States through the aftermath of 9 11 and the 2004 presidential election It probes the approach to prayer by such diverse individuals as Benjamin Franklin Elvis Presley Frank Lloyd Wright J C Penney P T Barnum Jackie Robinson and Christopher Columbus It includes every president of the United States as well as America s clergy immigrants industrialists miners sports heroes and scientists Prayer in America shows that without prayer the political cultural social and even economic and military history of the United States would be vastly different from what it is today It engages in a thoughtful timely examination of the modern debate over public prayer and how the current approach to prayer bears deep roots in the philosophies of the country s founding fathers a subject which remains distinct from the debate over church and state **Spiritual Giants** Dr. Lindo J. Smith, 2014-11-26 This treatise shows believers how to walk triumphantly on earth It proves from Gods Living Word that victory or defeat comes from the words we speak As sons and daughters of God we can be as effective as Jesus was when he walked the earth We must know our God ordained authority given to us in the completed redemptive work of Jesus We must exercise the all power and authority vested in the Mighty Name of Jesus Christ As we draw near to God submit to him Satan must flee as we resist him in Jesuss name The Word is alive **Why the Left Hates America** Daniel J. Flynn, 2004-09-07 The American flag stands for hatred warmongering and imperialism Our free market system is responsible for killing and oppressing millions of people This country breeds racists and sexists Is America really that bad It is if you accept the lies and propaganda from the anti American Left in our own country This dismal distorted view of the greatest freest nation in history comes from a Left who would rather idolize Ho Chi Minh and Fidel Castro than honor George Washington and Thomas Jefferson who burn down businesses and destroy property to protest free markets and who fight alongside radical terrorists rather than against them They trample the Constitution while hiding behind the First Amendment and their idea of displaying the American flag is setting it on fire and parading it through the streets Yes this is a Left comprised of people who truly hate their country and they will stop at nothing to tear her down smashing our liberty in the process Why the Left Hates America punches a hole right through the thin veneer of political correctness that has long protected these anti Americans exposing their rotting

vacuous core Author and commentator Daniel J Flynn digs deep into the American Left and reveals why they blame every bad deed in the world on the United States while ignoring her myriad contributions This book cogently points out that of course all Americans have the right to speak their minds But all too often the actions by the anti American Left become destructive and anarchistic You need not look any further than the explosive 1999 World Trade Organization protests in Seattle campus book burnings or even John Walker Lindh to see that factions on the Left are the worst perpetrators of anti Americanism And what may be most shocking is that many of these anti Americans are at the same time teachers professors journalists news reporters and even judges and politicians Probing and controversial without devolving into jingoism this book proves once and for all that what you see in the news and learn in school is often tainted by the anti American Left and it shows you what you can do to keep them at bay

Giants John Stauffer, 2008-11-03 Frederick Douglass and Abraham Lincoln were the preeminent self-made men of their time In this masterful dual biography award-winning Harvard University scholar John Stauffer describes the transformations in the lives of these two giants during a major shift in cultural history when men rejected the status quo and embraced new ideals of personal liberty As Douglass and Lincoln reinvented themselves and ultimately became friends they transformed America Lincoln was born dirt poor had less than one year of formal schooling and became the nation's greatest president Douglass spent the first twenty years of his life as a slave had no formal schooling in fact his masters forbade him to read or write and became one of the nation's greatest writers and activists as well as a spellbinding orator and messenger of audacious hope the pioneer who blazed the path traveled by future African American leaders At a time when most whites would not let a black man cross their threshold Lincoln invited Douglass into the White House Lincoln recognized that he needed Douglass to help him destroy the Confederacy and preserve the Union Douglass realized that Lincoln's shrewd sense of public opinion would serve his own goal of freeing the nation's blacks Their relationship shifted in response to the country's debate over slavery abolition and emancipation Both were ambitious men They had great faith in the moral and technological progress of their nation And they were not always consistent in their views John Stauffer describes their personal and political struggles with a keen understanding of the dilemmas Douglass and Lincoln confronted and the social context in which they occurred What emerges is a brilliant portrait of how two of America's greatest leaders lived
